NOTES TO ACCOUNTS

NOTE: 28

SIGNIFICANT ACCOUNTING POLICIES:

A. Basis of Accounting

The accounts of the company are prepared & maintained consistently on accrual basis and under the historic cost convention and in accordance with the generally accepted accounting principles in India and in compliance with the applicable Accounting Standards issued by the Institute of Chartered Accountants of India as per Section 133 and relevant provisions of the Companies Act, 2013, except otherwise stated.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013.

B. Fixed Assets

Fixed Assets are stated at cost (cost includes acquisition cost, freight, installation cost, finance cost, duties and taxes and other incidental expenses incurred during the construction/installation).

C. Depreciation

Depreciation on Fixed Assets is provided on the Written Down Value Method, as per the useful life of the assets given in the Schedule II to the Companies Act, 2013; and in the opinion of the management these rates reflect the estimated useful life of those assets. The Company estimates the scrap value of the assets to be 5% of the cost.

D. Revenue Recognition

Income is accounted for on the basis of products sold and billed to customers.

E. Earnings per share:

Basic earnings per share is computed by dividing the profit/ (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year.

F. Provisions and Contingencies

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet

date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

G. Income Tax

The Company provides for and determines the current tax as the amount of tax payable in respect of the total income for the period. The Company recognizes and provides for the deferred tax on timing differences between total income and accounting income subject to the concept of prudence.

H. Cash and Cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

Disclosures:

In accordance with the Accounting Standard (AS-22) on "Accounting for Taxes on Income" issued by the Institute of Chartered Accountants of India, the Company has created deferred Tax Asset arising out of the timing differences between taxable and book profits. Due to lack of reasonable certainty of taxable income in subsequent periods, the Company has not accounted for deferred tax asset arising on account of the timing difference.

Disclosures:

In accordance with the Accounting Standard (AS-22) on "Accounting for Taxes on Income" issued by the Institute of Chartered Accountants of India, the Company has created deferred Tax Asset arising out of the timing differences between taxable and book profits. Due to lack of reasonable certainty of taxable income in subsequent periods, the Company has not accounted for deferred tax asset arising on account of the timing difference.

Shashikanth Tewary
Director
DIN – (06453360)

Date: 10th July, 2018

To
SPC & Associates,
Chartered Accountants,
Plot No #252A, 2nd Floor, MLA Colony,
Lotus Pond Road, Road #12, Banjara Hills,
Hyderabad.

Dear Sirs,

FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31st MARCH, 2018

This representation letter is provided in connection with your audit of the financial statements of **Gram Tarang Foods Private Limited** for the year ended **31st March, 2018**, for the purpose of expressing an opinion as to whether the financial statements give a true and fair view of the financial position of **Gram Tarang Foods Private Limited** as of **31st March, 2018**, and of the results of its operations for the year then ended in accordance with the Companies Act, 2013 and Generally Accepted Accounting Practices in India.

We acknowledge our responsibility for the fair presentation of the financial statements in accordance with the Companies Act, 2013 and Generally Accepted Accounting Practices in India.

We confirm to the best of our knowledge and belief, the following representations:

- We acknowledge our responsibilities for the design, implementation, and operation of accounting and internal control systems that are designed to prevent and detect fraud and error.
- Following our assessment of the risk that the financial statements may be materially misstated as a result of fraud, we are not aware of any significant facts relating to any frauds or suspected frauds or irregularities known that have involved (i) Management; (ii) Employees who have significant roles in internal control; or (iii) Others where the fraud could have a material effect on the financial statements; and, of any allegations of fraud, or suspected fraud, affecting the financial statements that have been communicated to us by employees, former employees, analysts, regulators and others.
- We have made available to you all books of account and supporting documentation and all minutes of meetings of shareholders and the board of directors.
- We confirm the completeness of the information provided regarding the identification of related parties. Related party transactions are conducted on terms substantially equivalent to those that prevail in an arm's length transaction except for the loans taken.
- The related party loans have been taken for aiding the business activities and hence they were granted without any interest.
- We are aware of the observations you made, qualifications reported and notes attached to the accounts. We assure you that all necessary steps will be taken by the management to follow the best practices, implement the suggestions made and comply with those rules and regulations which could not be done during the year.

- We accept that the Company has delayed in filing forms with the Registrar of Companies regarding the shares allotted to the new investors. We are also aware of the fact that the Company's borrowings are more than the net worth of the Company.
- The Company is not covered under any of the labour laws as of now but it shall be responsible to deposit the statutory contributions once it is covered under the Acts.
- We are also aware of the fact that the Company shall be responsible to revise the VAT (statutory) returns.
- The Company has complied with all aspects of contractual agreements that could have a material effect on the financial statements in the event of non-compliance. There has been no non-compliance with requirements of regulatory authorities that could have a material effect on the financial statements in the event of non-compliance.
- The following have been properly recorded and when appropriate, adequately disclosed in the financial statements:
 - (a) The identity of, and balances and transactions with, related parties.
 - (b) All litigation, claims or possible claims and estimates thereof.
- We have no plans to abandon lines of product or other plans or intentions that will result in any excess or obsolete inventory, and no inventory is stated at an amount in excess of net realisable value.
- The Company has satisfactory title to all assets and there are no liens or encumbrances on the Company's assets.
- We have recorded or disclosed, as appropriate, all liabilities both actual and contingent, and have disclosed in the notes to the financial statements all guarantees that we have given to third parties, if any.
- Events subsequent to period end which require adjustment of or disclosure in the financial statements or notes thereto are as disclosed in the financial statements.
- We have assessed future action relating to continuing operations and confirm that there are no events or conditions that have been identified, indicating that the Company will not be a going concern.
- The management hereby confirms that none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of sub-section (2) of Section 164 of the Companies Act, 2013.

Yours faithfully

Gram Tarang Foods Private Limited

Shashikant Tewary

Director

Independent Auditor's Report

To the Members of
GRAM TARANG FOODS PRIVATE LIMITED

Report on the Financial Statements

We have audited the accompanying financial statements of **GRAM TARANG FOODS PRIVATE LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss and the statement of cash flows for the year ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Financial Statements

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) In the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2018;
- b) In the case of the Statement of Profit and Loss, of the profit for the year ended on that date.
- c) In the case of the statement of cash flows, the cash flows for the year ended on that date

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, 2013 is not applicable
2. As required by Section 143(3) of the Act, we report that:
 - a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

SPC&ASSOCIATES

Chartered Accountants

- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books
- c) The Balance Sheet and the Statement of Profit and Loss, dealt with by this Report are in agreement with the books of accounts and returns.
- d) In our opinion, the Balance Sheet, Statement of Profit and Loss, comply with the Accounting Standards referred to in of Section 133 of the Companies Act, 2013, read with Rule 7 of the Company (Accounts) Rules 2014.
- e) On the basis of written representations received from the directors as on March 31, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018, from being appointed as a director in terms of sub-section (2) of Section 164 of the Companies Act, 2013.
- f) With respect to the other matters included in the Auditor's Report and to our best of our information and according to the explanations given to us:
 - i) The Company does not have any pending litigations which would impact its financial position.
 - ii) The Company has not entered into any long-term contracts including derivatives contracts requiring provision under applicable laws or accounting standards, for material foreseeable losses and
 - iii) No amount is required to be transferred to investor education and protection fund in accordance with the relevant provisions of the Companies Act, 2013. Hence delay in depositing the amounts to the said fund is not applicable.

Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

TERMS & CONDITIONS**GENERAL**

1. Written acceptance of this PO or Commencement of supply/service against this PO shall constitute acceptance of this Purchase Order.
2. Delivery Challan/Invoice in duplicate should accompany all supplies made mentioning in there clearly supplier code, drawing no., part no., description of material PO no. specified in Purchase/subcontract & quantity supplied.
3. In the case of excisable goods transporter's copy should be send along with material otherwise bill/invoice will be held up. Failure to comply with this & consequent loss of mod vat credit on account of excise duty will be debited to your account where document are routed through bank send the transporter copy along with consent & enclose copy of invoice with document routed through bank. Attested/certified/Photostat copies of transporter's copy of invoice are not acceptable at all.
4. In case of subcontract item with our material failure to supply or return the material within 90 days under rule 4(5)(a) of central excise the excise duty payable in then will be debited to your account.
5. All drawings samples or technical data supplied to you by us shall be kept as secret & shall not be sold or disclosed & these shall be returned to as & when demanded. Failure to comply with this shall make you liable for breach of trust & other actions as may be deemed fit by us.
6. The items manufactured by you from the date furnished by us must not be sold or divulged by you to any other party than ourselves. If you manufacture excess quantity than our order you shall preserve the same for ultimate sale to us on our demand. Alternatively you destroy the goods so manufactured by you. By no account you will sell goods to any other party except with our written consent. The same condition applies to supplies rejected by us parts similar to parts manufactured for us; should not be manufactured by you.
7. No upward revision of price will be permitted during the period of contract unless agreed by us.
8. Terms & condition stated in our purchase/subcontract will be final until the supplier has our written consent to his terms & conditions if any stated in his order acceptance letter.
9. Any letter sent by prepaid registered post to the address given in this order shall be deemed to have been received by party within 3 days of dispatch thereof; irrespective of fact whether the said letter is or is not in fact received by party so addressed.
10. The company reserves the right to cancel & terminate the contract. If prevented by any intervention or control by government authorities or any other cause beyond the control of the company where by company is unable to make use the materials ordered by stoppage suspension of production or otherwise.
11. Local civil court shall have the jurisdiction to try any dispute concerning all our purchase/subcontract.
12. The material should be properly packed to avoid any kind of damage or formation of rust during transportation or storage.
13. Strict adherence to terms of delivery is absolutely essential. The company reserves the right to treat the order as cancelled in the event of your non-compliance of delivery schedule agreed & material will be brought from open market at your risk & cost. Time of delivery shall be essence of contract.
14. Demurrage, penalties etc. shall be levied on account of delay in delivery, dispatch or railway/lorry receipts, advance of invoice & challans or any other shipping documents or for any other reason for which the company is not responsible will be to the supplier's account & recoverable from him.
15. The material must be dispatched by the mode or transport & to the destination mentioned in this order. In case partial suppliers our prior approval must be obtained.
16. If transport arrangement is made by RSB for collection & dispatch of components it will be totally the supplier's risk RSB is not responsible for any shortages damages in such Arrangement supplier should send their representative with each consignment for collection & delivery to ensure safe transit of material.
17. Supplier shall give advance information to buyer in writing for all specification change design changes as well as major changes in processing location of manufacturing applying to goods covered by this Purchase order.
18. All vehicles used for transportation of material should comply to the central motor & vehicle rules act as applicable from time to time. The transporter is required to carry PUC vehicle fitness certificate of transportation vehicle during delivery.
19. Supplier should inform dispatch details immediately after dispatch.
20. Material supplied by seller shall satisfy current Govt. & environmental (ISO 14001-2004) & safety (OHSAS-18001-2007) constraints on restricted toxic & hazardous materials.
21. Supplier shall ensure coverage of transit insurance for material.
22. Supplier shall protect the third party trade secret or proprietary information for material or copy rights supplied by RSB. Failure to do so will result in PO being cancelled with immediate effect.

PAYMENT

1. Payment will be made as stipulated in this order, if the payment is agreed to be made against document through Bank. All bank charges involved shall be borne by the Supplier. Failure by the Supplier to advice his banker to recover all bank charges from supplier. Will result is non-retirement of documents at his own risk and cost.
2. All payments will be done as per applicable RSB policies.
3. No charges for cartage, packing etc., will admissible unless the same is specifically included in our Purchase/ Sub Contract.

SUPPLIER'S QUALITY ASSURANCE

1. All the materials, Component supplied must critically meet RSB Quality standards required as per samples, drawings, specifications or any other related instructions. The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

16. If transport arrangement is made by RSB for collection & dispatch of components it will be totally the supplier's risk RSB is not responsible for any shortages damages in such Arrangement supplier should send their representative with each consignment for collection & delivery to ensure safe transit of material.
17. Supplier shall give advance information to buyer in writing for all specification change design changes as well as major changes in processing location of manufacturing applying to goods covered by this Purchase order.
18. All vehicles used for transportation of material should comply to the central motor & vehicle rules act as applicable from time to time. The transporter is required to carry PUC vehicle fitness certificate of transportation vehicle during delivery.
19. Supplier should inform dispatch details immediately after dispatch.
20. Material supplied by seller shall satisfy current Govt. & environmental (ISO 14001-2004) & safety (OHSAS-18001-2007) constraints on restricted toxic & hazardous materials.
21. Supplier shall ensure coverage of transit insurance for material.
22. Supplier shall protect the third party trade secret or proprietary information for material or copy rights supplied by RSB. Failure to do so will result in PO being cancelled with immediate effect.

PAYMENT

1. Payment will be made as stipulated in this order, if the payment is agreed to be made against document through Bank. All bank charges involved shall be borne by the Supplier. Failure by the Supplier to advice his banker to recover all bank charges from supplier. Will result is non-retirement of documents at his own risk and cost.
2. All payments will be done as per applicable RSB policies.
3. No charges for cartage, packing etc., will admissible unless the same is specifically included in our Purchase/ Sub Contract.

SUPPLIER'S QUALITY ASSURANCE

1. All the materials, Component supplied must critically meet RSB Quality standards required as per samples, drawings, specifications or any other related instructions. The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

TERMS & CONDITIONS**GENERAL**

1. Written acceptance of this PO or Commencement of supply/service against this PO shall constitute acceptance of this Purchase Order.
2. Delivery Challan/Invoice in duplicate should accompany all supplies made mentioning in there clearly supplier code, drawing no., part no., description of material PO no. specified in Purchase/subcontract & quantity supplied.
3. In the case of excisable goods transporter's copy should be send along with material otherwise bill/invoice will be held up. Failure to comply with this & consequent loss of mod vat credit on account of excise duty will be debited to your account where document are routed through bank send the transporter copy along with consent & enclose copy of invoice with document routed through bank. Attested/certified/Photostat copies of transporter's copy of invoice are not acceptable at all.
4. In case of subcontract item with our material failure to supply or return the material within 90 days under rule 4(5)(a) of central excise the excise duty payable in then will be debited to your account.
5. All drawings samples or technical data supplied to you by us shall be kept as secret & shall not be sold or disclosed & these shall be returned to as & when demanded. Failure to comply with this shall make you liable for breach of trust & other actions as may be deemed fit by us.
6. The items manufactured by you from the date furnished by us must not be sold or divulged by you to any other party than ourselves. If you manufacture excess quantity than our order you shall preserve the same for ultimate sale to us on our demand. Alternatively you destroy the goods so manufactured by you. By no account you will sell goods to any other party except with our written consent. The same condition applies to supplies rejected by us parts similar to parts manufactured for us; should not be manufactured by you.
7. No upward revision of price will be permitted during the period of contract unless agreed by us.
8. Terms & condition stated in our purchase/subcontract will be final until the supplier has our written consent to his terms & conditions if any stated in his order acceptance letter.
9. Any letter sent by prepaid registered post to the address given in this order shall be deemed to have been received by party within 3 days of dispatch thereof; irrespective of fact whether the said letter is or is not in fact received by party so addressed.
10. The company reserves the right to cancel & terminate the contract. If prevented by any intervention or control by government authorities or any other cause beyond the control of the company where by company is unable to make use the materials ordered by stoppage suspension of production or otherwise.
11. Local civil court shall have the jurisdiction to try any dispute concerning all our purchase/subcontract.
12. The material should be properly packed to avoid any kind of damage or formation of rust during transportation or storage.
13. Strict adherence to terms of delivery is absolutely essential. The company reserves the right to treat the order as cancelled in the event of your non-compliance of delivery schedule agreed & material will be brought from open market at your risk & cost. Time of delivery shall be essence of contract.
14. Demurrage, penalties etc. shall be levied on account of delay in delivery, dispatch or railway/lorry receipts, advance of invoice & challans or any other shipping documents or for any other reason for which the company is not responsible will be to the supplier's account & recoverable from him.
15. The material must be dispatched by the mode or transport & to the destination mentioned in this order. In case partial suppliers our prior approval must be obtained.
16. If transport arrangement is made by RSB for collection & dispatch of components it will be totally the supplier's risk RSB is not responsible for any shortages damages in such Arrangement supplier should send their representative with each consignment for collection & delivery to ensure safe transit of material.
17. Supplier shall give advance information to buyer in writing for all specification change design changes as well as major changes in processing location of manufacturing applying to goods covered by this Purchase order.
18. All vehicles used for transportation of material should comply to the central motor & vehicle rules act as applicable from time to time. The transporter is required to carry PUC vehicle fitness certificate of transportation vehicle during delivery.
19. Supplier should inform dispatch details immediately after dispatch.
20. Material supplied by seller shall satisfy current Govt. & environmental (ISO 14001:2015) (OHSAS 18001:2007) constraints on restricted toxic & hazardous materials.
21. Supplier shall ensure coverage of transit insurance for material.
22. Supplier shall protect the third party trade secret or proprietary information for material or copy rights supplied by RSB. Failure to do so will result in PO being cancelled with immediate effect.

PAYMENT

1. Payment will be made as stipulated in this order, if the payment is agreed to be made against document through Bank. All bank charges involved shall be borne by the Supplier. Failure by the Supplier to advice his banker to recover all bank charges from supplier. Will result in non-retirement of documents at his own risk and cost.
2. All payments will be done as per applicable RSB policies.
3. No charges for cartage, packing etc., will admissible unless the same is specifically included in our Purchase/ Sub Contract.

SUPPLIER'S QUALITY ASSURANCE

1. All the materials, Component supplied must critically meet RSB Quality standards required as per samples, drawings, specifications or any other related instructions. The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

TERMS & CONDITIONS**GENERAL**

1. Written acceptance of this PO or Commencement of supply/service against this PO shall constitute acceptance of this Purchase Order.
2. Delivery Challan/Invoice in duplicate should accompany all supplies made mentioning in there clearly supplier code, drawing no., part no., description of material PO no. specified in Purchase/subcontract & quantity supplied.
3. In the case of excisable goods transporter's copy should be send along with material otherwise bill/invoice will be held up. Failure to comply with this & consequent loss of mod vat credit on account of excise duty will be debited to your account where document are routed through bank send the transporter copy along with consent & enclose copy of invoice with document routed through bank. Attested/certified/Photostat copies of transporter's copy of invoice are not acceptable at all.
4. In case of subcontract item with our material failure to supply or return the material within 90 days under rule 4(5)(a) of central excise the excise duty payable in then will be debited to your account.
5. All drawings samples or technical data supplied to you by us shall be kept as secret & shall not be sold or disclosed & these shall be returned to as & when demanded. Failure to comply with this shall make you liable for breach of trust & other actions as may be deemed fit by us.
6. The items manufactured by you from the date furnished by us must not be sold or divulged by you to any other party than ourselves. If you manufacture excess quantity than our order you shall preserve the same for ultimate sale to us on our demand. Alternatively you destroy the goods so manufactured by you. By no account you will sell goods to any other party except with our written consent. The same condition applies to supplies rejected by us parts similar to parts manufactured for us; should not be manufactured by you.
7. No upward revision of price will be permitted during the period of contract unless agreed by us.
8. Terms & condition stated in our purchase/subcontract will be final until the supplier has our written consent to his terms & conditions if any stated in his order acceptance letter.
9. Any letter sent by prepaid registered post to the address given in this order shall be deemed to have been received by party within 3 days of dispatch thereof; irrespective of fact whether the said letter is or is not in fact received by party so addressed.
10. The company reserves the right to cancel & terminate the contract. If prevented by any intervention or control by government authorities or any other cause beyond the control of the company where by company is unable to make use the materials ordered by stoppage suspension of production or otherwise.
11. Local civil court shall have the jurisdiction to try any dispute concerning all our purchase/subcontract.
12. The material should be properly packed to avoid any kind of damage or formation of rust during transportation or storage.
13. Strict adherence to terms of delivery is absolutely essential. The company reserves the right to treat the order as cancelled in the event of your non-compliance of delivery schedule agreed & material will be brought from open market at your risk & cost. Time of delivery shall be essence of contract.
14. Demurrage, penalties etc. shall be levied on account of delay in delivery, dispatch or railway/lorry receipts, advance of invoice & challans or any other shipping documents or for any other reason for which the company is not responsible will be to the supplier's account & recoverable from him.
15. The material must be dispatched by the mode or transport & to the destination mentioned in this order. In case partial suppliers our prior approval must be obtained.
16. If transport arrangement is made by RSB for collection & dispatch of components it will be totally the supplier's risk RSB is not responsible for any shortages damages in such Arrangement supplier should send their representative with each consignment for collection & delivery to ensure safe transit of material.
17. Supplier shall give advance information to buyer in writing for all specification change design changes as well as major changes in processing location of manufacturing applying to goods covered by this Purchase order.
18. All vehicles used for transportation of material should comply to the central motor & vehicle rules act as applicable from time to time. The transporter is required to carry PUC vehicle fitness certificate of transportation vehicle during delivery.
19. Supplier should inform dispatch details immediately after dispatch.
20. Material supplied by seller shall satisfy current Govt. & environmental (ISO 14001:2015) (OHSAS 18001:2007) constraints on restricted toxic & hazardous materials.
21. Supplier shall ensure coverage of transit insurance for material.
22. Supplier shall protect the third party trade secret or proprietary information for material or copy rights supplied by RSB. Failure to do so will result in PO being cancelled with immediate effect.

PAYMENT

1. Payment will be made as stipulated in this order, if the payment is agreed to be made against document through Bank. All bank charges involved shall be borne by the Supplier. Failure by the Supplier to advice his banker to recover all bank charges from supplier. Will result in non-retirement of documents at his own risk and cost.
2. All payments will be done as per applicable RSB policies.
3. No charges for cartage, packing etc., will admissible unless the same is specifically included in our Purchase/ Sub Contract.

SUPPLIER'S QUALITY ASSURANCE

1. All the materials, Component supplied must critically meet RSB Quality standards required as per samples, drawings, specifications or any other related instructions. The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

TERMS & CONDITIONS**GENERAL**

1. Written acceptance of this PO or Commencement of supply/service against this PO shall constitute acceptance of this Purchase Order.
2. Delivery Challan/Invoice in duplicate should accompany all supplies made mentioning in there clearly supplier code, drawing no., part no., description of material PO no. specified in Purchase/subcontract & quantity supplied.
3. In the case of excisable goods transporter's copy should be send along with material otherwise bill/invoice will be held up. Failure to comply with this & consequent loss of mod vat credit on account of excise duty will be debited to your account where document are routed through bank send the transporter copy along with consent & enclose copy of invoice with document routed through bank. Attested/certified/Photostat copies of transporter's copy of invoice are not acceptable at all.
4. In case of subcontract item with our material failure to supply or return the material within 90 days under rule 4(5)(a) of central excise the excise duty payable in then will be debited to your account.
5. All drawings samples or technical data supplied to you by us shall be kept as secret & shall not be sold or disclosed & these shall be returned to as & when demanded. Failure to comply with this shall make you liable for breach of trust & other actions as may be deemed fit by us.
6. The items manufactured by you from the date furnished by us must not be sold or divulged by you to any other party than ourselves. If you manufacture excess quantity than our order you shall preserve the same for ultimate sale to us on our demand. Alternatively you destroy the goods so manufactured by you. By no account you will sell goods to any other party except with our written consent. The same condition applies to supplies rejected by us parts similar to parts manufactured for us; should not be manufactured by you.
7. No upward revision of price will be permitted during the period of contract unless agreed by us.
8. Terms & condition stated in our purchase/subcontract will be final until the supplier has our written consent to his terms & conditions if any stated in his order acceptance letter.
9. Any letter sent by prepaid registered post to the address given in this order shall be deemed to have been received by party within 3 days of dispatch thereof; irrespective of fact whether the said letter is or is not in fact received by party so addressed.
10. The company reserves the right to cancel & terminate the contract. If prevented by any intervention or control by government authorities or any other cause beyond the control of the company where by company is unable to make use the materials ordered by stoppage suspension of production or otherwise.
11. Local civil court shall have the jurisdiction to try any dispute concerning all our purchase/subcontract.
12. The material should be properly packed to avoid any kind of damage or formation of rust during transportation or storage.
13. Strict adherence to terms of delivery is absolutely essential. The company reserves the right to treat the order as cancelled in the event of your non-compliance of delivery schedule agreed & material will be brought from open market at your risk & cost. Time of delivery shall be essence of contract.
14. Demurrage, penalties etc. shall be levied on account of delay in delivery, dispatch or railway/lorry receipts, advance of invoice & challans or any other shipping documents or for any other reason for which the company is not responsible will be to the supplier's account & recoverable from him.
15. The material must be dispatched by the mode or transport & to the destination mentioned in this order. In case partial suppliers our prior approval must be obtained.
16. If transport arrangement is made by RSB for collection & dispatch of components it will be totally the supplier's risk RSB is not responsible for any shortages damages in such Arrangement supplier should send their representative with each consignment for collection & delivery to ensure safe transit of material.
17. Supplier shall give advance information to buyer in writing for all specification change design changes as well as major changes in processing location of manufacturing applying to goods covered by this Purchase order.
18. All vehicles used for transportation of material should comply to the central motor & vehicle rules act as applicable from time to time. The transporter is required to carry PUC vehicle fitness certificate of transportation vehicle during delivery.
19. Supplier should inform dispatch details immediately after dispatch.
20. Material supplied by seller shall satisfy current Govt. & environmental (ISO 14001:2015) (OHSAS 18001:2007) constraints on restricted toxic & hazardous materials.
21. Supplier shall ensure coverage of transit insurance for material.
22. Supplier shall protect the third party trade secret or proprietary information for material or copy rights supplied by RSB. Failure to do so will result in PO being cancelled with immediate effect.

PAYMENT

1. Payment will be made as stipulated in this order, if the payment is agreed to be made against document through Bank. All bank charges involved shall be borne by the Supplier. Failure by the Supplier to advice his banker to recover all bank charges from supplier. Will result in non-retirement of documents at his own risk and cost.
2. All payments will be done as per applicable RSB policies.
3. No charges for cartage, packing etc., will admissible unless the same is specifically included in our Purchase/ Sub Contract.

SUPPLIER'S QUALITY ASSURANCE

1. All the materials, Component supplied must critically meet RSB Quality standards required as per samples, drawings, specifications or any other related instructions. The supplier shall allow, RSB's employee and authorized representatives for the purpose of inspecting manufacturing and inspection facilities, inspection of raw materials, WIP, FG, machines tools, fixtures jigs or any other items in connection with the manufacture of components for the company.

SAMPLE APPROVAL

1. No supplies should be made prior to the approval of sample unless specifically asked by us. It shall be the responsibility of the Supplier to submit samples well in time to be able to adhere strictly to the delivery schedule.

REJECTIONS

1. The decisions of the company on rejection shall be final and binding on the Supplier and this time clause shall be deemed to constitute an agreement to the contrary under the Sale of Goods Act. The company shall be entitled to reject the materials at any stage, cancel the contract and buy its requirements in the open market against the supplies. There is no rejection allowed unless specifically mentioned in the P.O. clearly.
2. It will be the liability of the Supplier to remove the rejected material within 15 days from our premises at his cost. In case rejection is not taken back within 15 days RSB is not liable to return back the rejection & no compensation will be given. In case of any rework done the components supplied by the suppliers, rework charges, handling charges, disposal charges & any other related charges as applicable will be recovered from Supplier's bill.
3. Rejection must be replaced within the delivery schedule and will be invoiced separately and not as replacement. All charges inclusive of freight and handling on replacements shall be borne by the Supplier.

WARRANTY

1. All the material supplied, should be free from any manufacturing, process defects & should be as per the drawings, Specifications. Any failure at RSB's customer end due to any deviation on quality, supplier shall be responsible for all damages, claims, recovery directly or indirectly claimed to RSB by any agency. Supplier shall reimburse all such expenses to RSB immediately without any delay on any ground. It will be the responsibility of the supplier to provide free replacement of component & assemblies which fail in the field because of material or manufacturing defects during the Warranty period or during the product life cycle, any offered by the company to its customers.

IN THE CASE OF SUB CONTRACT

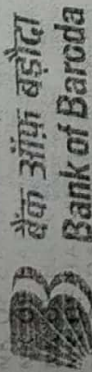

1. Material Account to be submitted every month with regards to the Receipts & Supply in the prescribed format.
2. The supplier is responsible for safe custody of Company's material including the RAW Material/ Semi Finished/Finished/Tooling.
3. Periodic Physical Verification will be carried out by company's representative. During which supplier should assist in such verification.
4. The supplier has to obtain in writing the quantum to be consumed for each item supplied to him.
5. Supplier is fully responsible for quantity lifted by him till the entire quantity is supplied by him as per specification.
6. The supplier should also return the resultant scrap generated during machining. The remaining material/semi finished/finished held by supplier shall be property of company & company reserves the right to seek for return of raw material in which event the supplier shall return the same forth with.
7. No process rejection is allowed unless specified in PO specifically. In case process rejection, rejected component should be returned back to RSB on a separate delivery challan. All such components should be marked with red paint & to be supplied in a separate batch to avoid mix up. Process rejection exceeding allowed rejection % full cost of raw material shall be recovered. Line rejection at RSB is not considered in the allowed process rejection (if any). Line rejection will be recovered at full cost & rejected components will not be returned back or no scrap benefit will be passed on to supplier.
8. Supplier should ensure coverage of insurance of RSB property on their premises at their own cost.

Coordinator

Dear Sir,

Sub: DST-NIMAT Project 2018-19: Sanction Order

Greetings from EDII, Ahmedabad!

This is with reference to your proposal submitted for conducting activities / programme(s) under the aegis of National Science & Technology Entrepreneurship Development Board (NSTEDB), Department of Science and Technology, Govt. of India, New Delhi.

We are happy to inform you that the following activities / programmes have been sanctioned:

Sr. No.	Activity / Programme	No.	Amount in Rs.	Locations
1	Entrepreneurship Awareness Camp (EAC)	5	100000	As mentioned in proposal
	Total	5	100000	

You are requested to please go through the enclosed **Guidelines / Terms & Conditions** as it is **mandatory to follow the same.**

Please note that the **first installment is to be released on receipt of the following documents:**

1. Duly Signed Agreement
2. Duly Signed "Terms & Conditions" (each Page)
3. Action Plan [Annexure-I]
4. Bank Details [Annexure-IA]

The funds will be transferred through RTGS/NEFT. Please make sure that the above said documents must reach us as early as possible, but not later than **ONE MONTH** of receiving this sanction letter. Non receipt of the same may be considered as your unwillingness to take up the programme(s).

As per point no. 11 of the enclosed Terms & Conditions, it is expected to generate results in terms of unit establishment from programmes like; EDP, WEDP and TEDP. Hope, you will design the required strategy to show case desired result.

For any additional information, please contact either me (Email ID: sareen@ediindia.org, Mobile: 09925110040) or my colleague Mr. Prakash Solanki (Email ID: psolanki@ediindia.org, Mobile: 09723816384).

We look forward to have a long term professional relationship.

Thanking you, with regards,

(S. B. Sareen)

Independent Auditor's Report

To the Members of CENTURION SCIENCE AND TECHNOLOGY ENTREPRENEURSHIP FACILITATION CENTRE

Report on the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of **CENTURION SCIENCE AND TECHNOLOGY ENTREPRENEURSHIP FACILITATION CENTRE**. ("The Company"), which comprise of the Balance Sheet as at 31st March 2019, and the statement of Income & Expenditure for the period ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its excess of expenditure over income for the period ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the *Code of Ethics*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give

a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, is not applicable .

2. As required by Section 143(3) of the Act, we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

(b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

(c) The Balance Sheet and the Statement of income and Expenditure dealt with by this Report are in agreement with the relevant books of account.

(d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

(e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure-A" and

(g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.

ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There are no amounts which are required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure "A" to the Independent Auditor's report of even date on the Standalone Financial Statements as at and for the year ended 31st March 2019 of CENTURION SCIENCE AND TECHNOLOGY ENTREPRENEURSHIP FACILITATION CENTRE

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **CENTURION SCIENCE AND TECHNOLOGY ENTREPRENEURSHIP FACILITATION CENTRE** ("the Company") as of 31st March, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SRB & Associates

CHARTERED ACCOUNTANTS
Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Note-1

1. Corporate Information.

CENTURION SCIENCE AND TECHNOLOGY ENTREPRENEURSHIP FACILITATION CENTRE is a Non-Profit making company domiciled in India. The Company engaged in improving the quality of life of the poor or otherwise underprivileged rural and urban people, by providing a complete range of financial and non-financial services so as to facilitate their growth and development into financially sustainable entities.

2. Basis of Accounting

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on accrual basis except for certain financial instruments which are measured at fair values. GAAP comprises mandatory Accounting standards as prescribed under Section 133 of the Companies Act., 2013, read With Rule 7 of the Companies (Accounting) Rules, 2014 the provisions of the Act (to the extent Notified) .Accounting policies have been consistently applied except where a newly issued Accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

SIGNIFICANT ACCOUNTING POLICIES

1. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Any grant received is recognized as and when they are received.

2. Use of Estimates

The preparation of financial statements are in conformity with the generally accepted accounting principles which requires estimates and assumptions to be made, that affects the reported amounts of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reported period.

3. Tangible Fixed Assets

Fixed Assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any subsidy/ reimbursement/ contribution received for installation and acquisition of any fixed assets is transferred to capital grant account.

Capital work- in progress is stated at cost if any.

Subsequent expenditure related to an item of fixed assets is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed assets, including day-to-day repairs and maintenance expenditure and cost of replacing parts, are charged to the Statement of Income and Expenditure Account for the period during which such expenses are incurred.

4. Depreciation on fixed assets

Depreciation is provided on WDV Method over the period of assets after keeping 5% of cost as residual value and in the manner prescribed in the Companies Act, 2013. Depreciation on assets purchased/ acquired during the year is charged from the date of Purchase of the assets.

In respect of Addition/Deletion/Transfer of Fixed Assets depreciation is provided on proportionate basis for the period during which the assets are put to use in the company.

5. Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial Recognition, intangible assets are carried at cost less accumulated amortization and accumulated Impairment losses, if any.

6. Capital Grant

Any amount received as capital grant/donations/contributions either from domestic source for construction of building and acquisition of assets for augmenting the objective of the company is transferred to Capital Grant Account. Matching amount of depreciation on grant asset transferred to Capital Grant Account.

NOTES FORMING PART OF ACCOUNTS

15. Provisions for taxation have not been made in accounts as the company has been registered under Section 12AA of the Income Tax Act 1961.
16. Related party Disclosure- As required by accounting Standard-18, " Related Party Disclosure"

Enterprise where there is significant influence (Where transaction Exist)

Particular of Related Party	<u>Current Year</u>	<u>Previous Year</u>
Centurion University of Technology & Management (Closing Balance)	50,84,556.00	50,15,630.00

17. Previous year figures have been re-grouped/re-arranged confirming to current year's presentation.

Terms & Conditions of Purchase Order

1	Acknowledgment	The duplicate copy must be sent duly signed & sealed as a token of acceptance within 7 days from the date of issue through e-mail, fax, speed post or courier. In case of non-acceptance of the order by you, the Security Deposit / EMD will be forfeited and your offer will not be considered in future.
2	Reference	The purchase order no & date to be quoted in all correspondence including despatch document & invoice.
3	Sales Tax & Duties	CST as applicable extra against Form-C. Please do not ask "C" Form through Bank. TIN No. 21881106527. The supplier should take initiation within 03 months from the supply date of materials to collect the C-Form from the authority. Delay in making the request may not fetch C Form to the supplier from the tax authorities.
4	Mode of Despatch	Will be arranged by the supplier/ us by Rail/Road within 10 days of receipt of order on freight paid/ To pay/ To be billed basis.
5	Delivery	As per Schedules as mentioned overleaf. For outside state transaction, the Invoice copy may be sent through e-mail in advance to forward the online waybill through e-mail. In case of part supply proportionate Security Deposit will be forfeited.
6	Billing	Bills should be raised in triplicate in favour of the OMFED
7	Claims of Carrier/	Unless otherwise specified transit insurance shall be arranged by the supplier
8	Inspection	All materials after being received at site will be inspected by inspector (s) nominated by OMFED. Material supplied if found defective, substandard, not up to the specification or otherwise unsuitable will be rejected & will be sent back to the supplier at his cost. The supplier shall replace the material so rejected within 15 days from the receipt of such rejected material. Weighment recorded at our plant is final.
9	Pre-despatch inspection	The undersigned reserves the right to inspect the material prior to despatch from the Supplier's Godown.
10	Variation of quantity	The undersigned reserves the right to increase or decrease the quantities mentioned in the purchase order without any notice. Allowed quantity variation +/- 10% of the Order.
11	Cancellation	The undersigned reserves the right to cancel the order at any time without assigning any reason.
12	Earnest Money	Earnest Money if any is liable to be forfeited if the supplier fails supply material in time or in accordance with the terms of the purchase order / Tender.
13	Security Deposit	EMD will be adjusted towards security deposit as per rules of Federation/Tender terms.
14	Legal Jurisdiction	Legal dispute if any arising out of this purchase, shall be subjected to such courts exercising civil jurisdiction over Bhubaneswar
15	Penalty	Delivery period is the essence of contract and the material should be despatched in time. In case of failure to supply in time 1/2% value of delayed delivered quantity for week will be deducted.
16	Guarantee	Equipments supplied against this order must be guaranteed for a period as mentioned overleaf for any manufacturing defects.
17	Issue of Sales Tax Declaration from	Will be issued only after request from the seller with copies of bills once in a quarter covering all the bills during the quarter.

March 2017

Training for the Development of Strategic Plan for Development Integration and Social Action (ODISA), Berhampur, Odisha

1. Introduction

Development Integration and Social Action (ODISA) is interested to undertake a training program for its employees for developing a strategic plan for the organization. This document indicates the process that is to be followed for the task.

2. Objectives

The broad objective of the task is to develop a strategic plan for the organization after undertaking a thorough analysis of the environment in which the organization works, understanding the resources in its disposal and assessing the stakeholders. The specific objectives of the task include

- i. Developing a shared mission and vision of the organisation
- ii. Identify the key drivers of change, opportunities and threats in organisations' environment
- iii. Strength and weaknesses of the resources of the organization;
- iv. Power and interest of its stakeholders in influencing the decisions
- v. Generating alternative strategies and choosing an appropriate one, and
- vi. Developing an implementable strategic plan.

3. Methodology

The study will use tools such as SWOT Analysis, Stakeholder Analysis, Value Chain Analysis and strategy management framework. Adult learning approach of action-reflection-action mode will be used. Training will be in two phases. In Phase I, for 3 days, concepts/frameworks will be explained and participants will be led to develop a preliminary strategic plan based on the information available with them. Then, after six weeks, in a 2 days' program, participants will present the plan developed by them, taking note of the comments given in the first phase and continuous feedback received in the intervening period. The program will be held outside their office in workshop mode.

4. Fee

- i. Resource persons: At the rate of Rs 15,000/day for 5 days workshop and 3 days preparation/feedback and handholding = Rs 120,000
- ii. Transportation cost: Actual
- iii. Lodging and Boarding: Actual

Payment schedule: Fees to be paid to the Centurion University of Technology and Management. 50% advance along with the award of the project. Balance 50% after the submission of commented Strategic Plan.

5. Resource Person

Prof. Haribandhu Panda will be Principal Resource person. He will be supported by a team of faculty members with expertise in institution development and strategic planning.

Impact Analysis Study of Project Structural Poverty Alleviation and Building up of Local Civil Bodies In Ganjam and Gajapati Districts, Odisha, India of Odisha State in India

I. Background

ODISA (Organization for Development Integration and Social Action) is the Social wing of the Vincentians, fathers and brothers of the North Indian Province of the Congregation of the Missions working in the South west of Odisha, the heartland of the Vincentians missionaries ever since their arrival from Spain in 1922. With formation of O.D.I.S.A in 1991 our role in addressing the basic needs of the poor shifted from a traditional "provider" to "facilitator". For the last 21 years O.D.I.S.A in collaboration with the different funding partners including MISEREOR intervened to bring the marginalized and deprived people into the mainstream development through different programs of income generation, capacity building and empowerment. In this process O.D.I.S.A learnt that the human power local bodies are basic to development activities.

There were also mission centres with essential infrastructure. ODISA used both, the contact and the infrastructural facilities as springboards for developmental activities. Although the project activities pivoted on Vincentian catholic missions, ODISA was inclusive in approach proper of its vision and mission addressing the needy irrespective of any religious affiliations. This was an added strength for ODISA sharing the credibility achieved by the Vincentians who are acclaimed as people always on the side of the poor throughout the project area. This is still being continued with all the area directors of the present project who are Vincentians.

This project under review is the 17th in the series of O.D.I.S.A –MISEREOR/KZE partnership. The project aimed to improve the life quality of Tribals, Dalits and women. These are groups of men and women marginalized, unorganized and living in poverty. The core mechanism of the project is a process in empowerment comprising all spheres of life, educational, social, economic and political.

ODISA assumes that poverty is attributable to the structures and its aggravation or alleviation depends on the existing structural functioning. Basically the structures are good and needed. What is important is their efficient and corruption-free functioning. Therefore ODISA wants to introduce a system forming community based organizations to serve as a watching and facilitating structure that ensures a free flow of the various development and welfare schemes to the ground reality of the poor. This way the poverty can be arrested and the life quality can be improved. This is workable because the Government has made policies and introduced programs to do away with poverty and bridge the gap between the rich and the poor. The development tools that ODISA employs are animation, awareness building and organization.

About Project "Structural Poverty Alleviation and Building up of Local Civil Bodies In Ganjam and Gajapati Districts, Odisha, India of Odisha State in India

II. "

a. Why we initiated this project?

The project aimed to improve the life quality of Tribals, Dalits and women. These are groups of men and women marginalized, unorganized and living in poverty. The core mechanism of the project is a process in empowerment comprising all spheres of life, educational, social, economic and political.

ODISA assumes that poverty is attributable to the structures and its aggravation or alleviation depends on the existing structural functioning. Basically the structures are good and needed. What is important is their efficient and corruption-free functioning. Therefore ODISA wants to introduce a system forming community based organizations to serve as a watching and facilitating structure that ensures a free flow of the various development and welfare schemes to the ground reality of the poor. This way the poverty can be arrested and the life quality can be improved. This is workable because the Government has made policies and introduced programs to do away with poverty and bridge the gap between the rich and the poor. The development tools that ODISA employs are animation, awareness building and organization.

Partners of this Project

O.D.I.S.A (Organization for Development Integration and Social Action), Ambapua Main Road, Berhampur Odisha, India is implementing partner of this project. MISEREOR/ KZE, as funding partner is providing the financial support for this project for effective implementation of this project.

Key Stakeholders

The Tribals, Dalits and women and these are groups of men and women marginalized, unorganized and living in poverty are the primary stakeholders in this project, whereas the Government duty bearers/officials – Including Block Development Officers, Rural Development Agencies and Odisha Livelihood Mission are considered as the secondary stakeholders.

III. Key Strategic focus and Specific objectives of the project :

This project aimed to achieve the following objectives

- 1) Marginalized people of 245 villages access to government programmes
- 2) 100% Dalit and Tribals receive and enjoy land entitlements and produce more crops by adopting organic and scientific agricultural process at the end of 3 years.
- 3) 50% Dalit, Tribal and women leaders participate in the electoral process and 75% women leaders contribute in the decision process within project period.
- 4) 269 leaders are strengthened on PRI and 466 local CBO leaders to demonstrate their roles and responsibility for systemic change of the local governance.

Specific objectives of this Project

The primary aim of "Structural Poverty Alleviation and Building up of Local Civil Bodies" project aimed to improve the life quality of Tribals, Dalits and women. These are groups of men and women marginalized, unorganized and living in poverty. The core mechanism of the project is a process in empowerment comprising all spheres of life, educational, social, economic and political.

IV. The main objectives of this Impact assessment study are to assess

- The Implementation processes and strategic interventions adopted
- The results, achievements and key changes that the project has brought about
- Consolidate and document the learning, challenges, strategies that have worked and good practices emerging out of the implementation experience of O.D.I.S.A

- Document the new opportunities for future programme intervention issues that may build a need base case for the continuity of this work.
- Review and document the status and impact on the Dalits, Tribals and Women and community level through the project intervention
- Assess the impact of the association with MISEREOR- KZE partnership strengthening, leveraging and visibility of O.D.I.S.A and vice-e-versa.
- Integration of all thematic areas in the project approach

These will be analyzed within the impact evaluation study, whether implementation of the project was effective and efficient and whether strengths of the implementing partners was utilized to the maximum level in strategic planning and effective implementation of the project.

This project has been a collaborative effort and has multiple stake holders. The impact evaluation will identify key challenges, successes, best practice and lessons learnt, to inform future collaborative interventions. It will consist of an evaluation of the effectiveness, efficiency and impact of project activities. Key lessons learnt can be used to shape the implementation strategy in the future for the implementing agency i.e. O.D.I.S.A

Scope of the assignment

The approach should examine the change and impact with respect to the short-term and long-term goals of holistic development of Vulnerable at different levels such as (1) Change in the life of Dalits, Tribals (2) Change at the Household level, (3) Change at the community and duty bearer level; specifically:

- 1) Before the project or the situation in year 2015
- 2) After the intervention of this **Structural Poverty Alleviation and Building up of Local Civil Bodies** project, or the situation during the intervention of this project.

Key Questions of the Impact Evaluation Study

Relevance

- To what extent **Structural Poverty Alleviation and Building up of Local Civil Bodies** project has taken in to account Dalits, Tribals and women different needs based on their socio-economic status and type of other vulnerabilities.
- How project was designed to meet the different needs of Dalits, Tribals and Women at large?
- Whether the most-vulnerable Dalits, Tribals and Women were targeted and reached through this project?
- To what extent were different stakeholders involved in needs assessment, design and implementation of project?
- Was the methodology used for the beneficiary selection relevant and done in participation of different stakeholders?
- What processes had been established in the project to address the issues of day-to-day project related issues and to what extent were they used?
- Are the Dalits, Tribals and Women active participants in social life?

Effectiveness

- Effectiveness in terms of appropriateness of the intervention, O.D.I.S.A's effectiveness in meeting the implementation timelines as per the project design and overall coordination
- Adaptability of the project in dealing with key challenges
- Effectiveness of accountability mechanisms including a review at different levels and different intervals of the immersing issues and information sharing with the appropriate authorities.
- Processes, Quality and cohesiveness of implementation of each activity at each stage (targeting distribution, monitoring, etc.)
- Whether any new/innovative methodologies/approaches were tried during implementation of the project, if yes what were those and what were the results? What lessons were learned and what recommendations made?
- Were legal entitlements and schemes met and laws and policies discussed and followed in the project?
- How well **Structural Poverty Alleviation and Building up of Local Civil Bodies** project has responded on mainstream/ensure inclusion of gender, equality, protection etc.
- Were the needs assessments, monitoring, evaluation systems and associated indicators appropriate to measure it?

Efficiency

- How value-for-money was this project and how could it have been made more cost-efficient?
- How has this knowledge and information on various components of this project utilized among different agencies working in this similar areas and how efficiently was it done during the one year of the project.

Impact

- What were intended and unintended impacts of the project?
- To what extent did this project contribute towards positive impacts on lives of Dalits, Tribals and Women and their families with respect to :
 - Impact on the exiting support they are getting
 - Impact on the future expected activities to be organized
 - Impact of the participation in the local self government.
- What were the key strategic areas which contributed towards a positive impact in the lives of targeted Dalits, Tribals and Women including their family members?
- Overall Impact of Intervention on Dalits, Tribals and Women, Peer groups as well as neighborhood communities
 - Quantitative analysis of interventions
 - Qualitative analysis of outcomes and expected impact

Other Issues

The impact evaluation study will assess the effectiveness of the following in meeting their aims/targets:

- Strategy design and expected outcomes
- Implementation of project monitoring functions
- Relevance and effect of other disability cross-cutting issues on implementation

O.D.I.S.A is having set of documents, data and information related to the project such as project proposal, Inception survey data, report, weekly, monthly and quarterly progress reports, Project MIS and other documents, since beginning of the project. It is expected to review, analyse and develop a thorough understanding of the project based on these documents before commencing the assessment process, which enable the assessors to determine what further information will be required. Desk research will be a foundation of whole process and it is expected that O.D.I.S.A is able to extract all key information through the process for facilitating and developing the report.

Preparation of Evaluation Tools and Approach

The assessors will work in coordination with the Director O.D.I.S.A prepare the necessary tools, finalise the approach and schedule the assessment. Detailed methodology, sample plan, tools and action plan will be submitted as inception report

Data Collection and Consultation with Key Informants

The evaluators will coordinate with the Director O.D.I.S.A undertake interviews and gathering data at a field level. The assessors will work with the other project staffs like Project manager and team leaders to synthesise and access this information, as well undertaking additional interviews and data gathering, based on the instruction of the Director O.D.I.S.A .

VII. Deliverables

The assignment is expected to be completed within 8 days of its initiation, including the submission of the final report. Following are the key deliverables for the assignment with its expected timelines.

Kindly refer the attached template for submitting the report. (Will share it by 20th January 2018)

Following deliverables are expected

- a. Detailed inception report ((will include the complete evaluation design including the scope, evaluation approach, methodology, indicators, survey design, interview protocols, timeline, budget and any other relevant factors.)
- b. Report of preliminary findings
- c. Draft report with analysis of data
- d. Final impact assessment report and knowledge product and entire data set
- e. Final presentation

VIII. Time line:

Initiation of study – 13th January, 2018

Draft report –18th January , 2018

Final report –20th January, 2018

IX. Key Documents:

- a. Project Proposal and Annexes;
- b. Baseline Survey data
- c. Weekly, monthly and quarterly quantitative and qualitative report
- d. Annual narrative report

- Project
- a. Detailed inception report ((will include the complete evaluation design including the scope, evaluation approach, methodology, indicators, survey design, interview protocols, timeline, budget and any other relevant factors.))
 - b. Report of preliminary findings
 - c. Draft report with analysis of data
 - d. Final impact assessment report and knowledge product and entire data set
 - e. Final presentation

VIII. Time line:

Initiation of study – 13th January, 2018

Draft report – 18th January, 2018

Final report – 20th January, 2018

IX. Key Documents:

- a. Project Proposal and Annexes;
- b. Weekly, monthly and quarterly quantitative and qualitative report
- c. Annual narrative report
- d. All the event/specific activity based reports
- e. Newspaper clippings

X. Eligibility criteria for the assessor

O.D.I.S.A is looking for an experienced consultant to carry out this assignment. The following are the key eligibility criteria:

- Consultant must have thorough understanding of social development issues reflected through high quality documentation of interventions of social development programs.
- A minimum of five years of experience of various documentation activities for various social development programs and organizations, exclusively focus on impact assessment.
- A proven track record in ensuring preparation of different impact stories, reports and other documents on various developmental.
- Excellent language proficiency in English and Odiya

Reporting & Coordination

The consultant will report to Fr. Subhasish Mandal, Director, O.D.I.S.A or any person designated by him for the task on all deliverables at agreed timelines.

Tentative Budget

The total consolidated budget should not exceed Rs. 25,000/- for this impact assessment study.

NSDC Funding	Loan - Rs. 4.00 Crores, Grant- Rs 1.00 Crore			
NSDC investment per trainee	INR 2972			
Cost per trade per center	The project is to be executed through community resource persons with practical trainings at the farm level in naxalite effected areas; hence this is not applicable			
Project Details				
Project Duration	10 years			
Number of people to be trained	13,460			
Targeted Sectors	The training will be provided in Agriculture			
Target Trainee Segment	The project's target group includes the local youth and farmers with special focus on SC, ST and women.			
Target Trades: The applicant has proposed to promote organic agriculture along with training over the period of 10 year. The targeted sector & trades thereunder is given below:				
#	Sector	Trades	Average Fees (INR)	Average Course Duration
1	Agriculture	<ul style="list-style-type: none"> • Certificate course in Natural resource Management • Certificate course in Crop production • Certificate course in Crop Protection • Certificate course in harvesting and post-harvesting • Certificate course in community mobilisation • Certificate course in farmers' organisation formation • Certificate course in governance of community based organisation • Certificate course in project management 	<ul style="list-style-type: none"> • CRP Training- INR 8000 per trainee • Field Training- INR 5000 per trainee 	<ul style="list-style-type: none"> • 2 harvest cycles (2 months to 2 years)
2	Agribusiness	<ul style="list-style-type: none"> • Certificate course in agri-processing • Certificate course in input supply chain (fertiliser, pesticide, seed, irrigation, etc.) • Certificate course in agri-marketing 	<ul style="list-style-type: none"> • CRP Training- INR 8000 per trainee • Field Training- INR 5000 per trainee 	<ul style="list-style-type: none"> • 2 harvest cycles (2 months to 2 years)
3	Banking and Finance	<ul style="list-style-type: none"> • Certificate course in financial inclusion and financing 	<ul style="list-style-type: none"> • CRP Training- INR 8000 per 	<ul style="list-style-type: none"> • 2 harvest cycles (2

M.V. Mishra

Particular	Remarks
	trainee months to 2 years) • Field Training- INR 5000 per trainee
#The proposed courses are for improvement of the supply chain management and to economically uplift the marginal farmers in naxalite affected areas. The courses are yet to be QP mapped. The applicant has proposed that on approval of the project the courses will be aligned to NSQF.	
Revenue Model	Revenue would be generated from the following 3 heads, namely: <ul style="list-style-type: none"> • Training income • Sale of products • Contract manufacturing
Target Locations of the Project over 10 years	The project is proposed to cover the states of Odisha, Andhra Pradesh, Jharkhand, Bihar, West Bengal & Assam.
Target locations of the project for 1 st and 2 nd year	The applicant has proposed to start the project in Rayagada district of Odisha and Vizianagaram district of Andhra Pradesh in the first year & to scale up in other districts of South Odisha and North Coastal Andhra Pradesh in 2 nd year.
Number of centers	The plan has been designed for setting up training centres in 9 districts of East (South Odisha) and 3 Districts of South (North Coastal Andhra Pradesh) State. Also, it has been proposed to run satellite centres and provide practical trainings at the farm level.
Increase in income	Economic upliftment of the marginal farmers

2. Operating Model

Particular	Details (key highlights only)
Structure (e.g.: Hub/Spoke, franchisee etc)	<p>The business model of the company include training of Community Resource Persons as Master Trainers who in turn will further train the farmers for making them practise sustainable agriculture.</p> <p>The applicant has proposed to target South Odisha and North Coastal Andhra Pradesh. The plan will be scaled up to 12 districts (9 in South Odisha and 3 in AP) from the initial 2 districts in the first year. The satellite centres will be setup in collaboration with our institutional partners</p> <p>The business model of society includes following stages of innovation for encouraging sustainable agriculture amongst farmers:</p> <ul style="list-style-type: none"> • Training and certification of CRP's • Training of farmers • Creation and development of supply chain and input and output services • Local production and consumption of organic nutrients and bio-pesticides • Development of market linked value added agriculture products. <p>The applicant has proposed to form and organize clusters in order to increase the bargaining power of farmers through long term contracts with suppliers and buyers. The society has also proposed to have a centralized lab facility for testing and continuous product and process development.</p>
Sourcing of trainees	<ul style="list-style-type: none"> • The society has provided that the trainees will be sourced from NGOs working in the area, partner organisations (BREDS and Harsha Trust), CSR initiatives of the companies working in the area, and Government sponsored development programs such Integrated Tribal development Program (ITDA), Odisha Tribal Empowerment and Livelihood Program (OTELP), National Rural Livelihood Mission (NRLM), Watershed Programs, etc.
Infrastructure	<ul style="list-style-type: none"> • The applicant has provided that the training will be imparted both at Head Office and Regional Centres. Training infrastructure will include agricultural implements, small scale bio-fertiliser and bio-pesticide production demonstration facilities, and portable equipment for GIS mapping etc. These facilities will be used for training of farmers at Regional Centres.
Type of training Delivery (e.g.: ILT, web based, VSAT etc)	<ul style="list-style-type: none"> • Training of CRPs (selected from progressive farmers). The content development for training the CRP's will be undertaken by CUTM's school of agriculture and school of management. There will be combination of class room learning and experiential learning in the farm field. The CRPs will be trained at the HO in the University • Training of Farmers - Training by CRPs about right package of practices. Field training would be conducted by CRPs for the farmers
Trainers	<ul style="list-style-type: none"> • As per the applicant, the company has proposed to hire trainers who are expert in their fields and have experience and intent to render remote training. For the trainers of CRP, the faculty members of the School of Agriculture Sciences, School of Management of the University, School of Engineering and Technology, School of Vocational Studies, School of Basic Sciences and School Social Sciences; experts from partner institutions (Gram Tarang, BREDS, Harsha Trust and Sri Sai Agri-bio labs) will be involved. Each of the trainers will be domain experts with long years of field level experience, besides mastery over theory and their education

M.V. Mishra

President

Particular	Details (key highlights only)
	qualifications, often, will be Master or PhD.
Content Development, updation and accreditation	<ul style="list-style-type: none"> The Content Development has been undertaken by CUTM's School of Agriculture and School of Management. This initial content will undergo further improvements and additions to reflect newer technologies, applications, products, etc. Appropriate faculty members from the various resources of the University will be used. Additionally, resource persons from the partner organisations will be part of the Content Development process.
Assessment & Certification	<ul style="list-style-type: none"> The Certification of CRPs and Farmers will follow the standard University protocol, including National Skill Qualification Framework (NSQF).
Placements	<ul style="list-style-type: none"> The trainees will be self-employed. Farmers can enhance their income through contract farming. CRPs can earn adequate revenue as a share from the CRP-induced savings of farmers. It will be from the input (purchase of bio-fertiliser, bio-pesticide, seed, irrigation, etc.) and output (sale of farm produce) services of farmers.
Competition	<ul style="list-style-type: none"> The applicant has provided that, bio-pesticides and bio-fertilizers have a short shelf-life, hence local manufacturers will have an edge over far away competitors and the proposal will not face any extreme competition in the market

3. About Promoter Group and Proposing/implementing entity

- Centurion University of Technology and Management (CUTM) was incorporated in 2010. CUTM has been created by an act of Odisha State Legislative Assembly and is a statutory Body.
- CUTM and its partners has long-years of experience in skill development in different parts of the country which includes curriculum development, master trainer development, training of trainers and training of end users. CUTM has also worked under various skill development schemes run by Govt. of India and has trained 14489 candidates under non-fee based model and 23540 candidates under fee-based model in last 7 years.

The Promoters of CUTM are as follows:-

- o Prof. Mukti Kanta Mishra – President
- o Prof. D N Rao - Vice President
- o Prof. D Nageswar Rao - Vice Chancellor
- o Prof. Ashok Mishra - Registrar

M. K. Mishra

President
Centurion University of
Technology & Management

4. Shareholding Structure – Centurion University of Technology and Management (CUTM)

Since CUTM is a private university formed under the State Act, hence shareholding is not applicable.
