Resource Person

Mr. Sudeep Singh

Assistant Professor, Department Mechanical Engineering

No. of Students and/or Faculty Participated: 80

About the Resource Person: Mr. Sudeep currently working as Assistant Professor in Mechanical Engg. Dept, Centurion University of Technology and Management, bears a long experience of 12+ years in teaching and research. Prior to that he also has worked in manufacturing industries like Apollo Tyres Ltd(Vadodara Plant), Project Technologists Pvt. Ltd. and Vishav Components Sourcing India Pvt. Ltd. He has published 30+ research papers of international repute and presented in a number of international conferences.

About Session: The workshop introduces some measuring instruments and tools, also machines used in the workshop and they are shaping machine, drilling machine, milling machine, grinding machine and lathe machine. Moreover, it presents different methods and safety of welding. Finally, the workshop then explains the work to be carried on the workpieces.

Objective: To gain knowledge of joining processes, materials, welding equipment, welding techniques, and standards to assist welding engineering personnel with the development, application, evaluation, and documentation of welding techniques, equipment, and processes used to manufacture welded products according to relevant codes. Welding technicians may also play a role in product engineering and research and development. Learning different types of Welding and Creating Welding projects.

Outcomes: Students learn about fabrication or sculptural process that joins materials, usually metals or thermoplastics, by causing fusion, which is distinct from lower temperature metal-joining techniques such as brazing and soldering, which do not melt the base metal.
