Workshop On Mines Design using Surpac

Date: 15-11-2019 to 16-11-2019

Venue: GTM LAB, ISDC BLock, Bhubaneswar

Resource Person:

Mr. Ashwini Kumar Sethy

About Resource Person: Mr. Ashwini Kumar Sethy is a Project Executive Gram Tarang Technologies, Centurion University of Technology and Management, Odisha, India. He is engaged in developing designs and executing them on field. He is experienced, working in construction and mining verticals along with managing projects for other verticals too.

About Session: To create an underground mine design using Surpac requires an understanding of underground mining terminology and concepts. This workshop covers some basic concepts of underground mine design. Uses of Surpac software in designing and modeling

Objective:

- Understand the GUI of GEOVIA Surpac
- Create Geological database and 3D Modeling
- Create the Slice Plan and Ultimate Pit Design to estimate mineable reserve
- Create Plot files from Surpac

Outcome:

The workshop has given the students idea about the suparcs operation and different techniques can be used in the 3D modeling
