MEMORANDUM OF UNDERSTANDING

This **Memorandum of Understanding** (hereinafter referred to as "MoU") is made and entered into
BY and BETWEEN

Banking Finance and Insurance Institute of Nepal Limited (BFIN), having its office at 2nd floor, Krishna Tower, New Baneshwor, Kathmandu, Nepal and represented through its **Managing Director Dr Binod Atreya** (hereinafter referred to as "BFIN") which expression, shall unless it be repugnant to the subject or the context thereof, includes its successors and assigns;

AND

Centurion University of Technology & Management (CUTM) having its office at 17, Forest Park, Bhubaneswar PIN – 751009, Dist: Khurda, Odisha, India and represented through its **President - Prof Mukti K Mishra** (herein referred to as "CUTM") which expression, shall unless it be repugnant to the subject of the context thereof, includes its successors and assigns;

"BFIN" and "CUTM" are hereinafter referred individually as "**Party**" and collectively as "**Parties**".

I. Description of Both Institutions:

- 1.1. **Banking, Finance and Insurance Institute of Nepal (BFIN)** is established under Company Act 2063 on August 14, 2018. BFIN is promoted by 16 national level institutions of Nepal represented by commercial banks, development banks, finance companies, micro credit institutions, capital market institutions and the Emerging Nepal Limited. The main objectives of BFIN are to offer training, workshop and seminar and enhance the knowledge, skills and capabilities of the employees of financial sector and other stakeholders, conduct research and consulting to strengthen the financial sector, offer specific accredited courses and creating data bank for the use of banking community and help to strengthen the financial systems in Nepal.
- 1.2. **Centurion University of Technology & Management (CUTM)** began in the year 2005 by a group of ambitious academics with aspirations to provide high quality education both nationally and internationally. The first step in this direction was to take over an ailing engineering Institute, the Jagannath Institute for Technology and Management (JITM) in one of the most challenging tribal districts of Odisha and one which was considered to be a left-wing extremist affected area. Subsequently, JITM was transformed into Centurion University of Technology and Management in August 2010, through an act of Odisha Legislative Assembly. It became the First Multi-Sector State Private

- 3.3 Both Institutions agree to enhance staff and Executive development opportunities by fully exploiting the strengths of both institutions, to the benefit of all concerned.

4. Agreement between BFIN and CUTM

- 4.1. The Parties agree to collaborate in various areas like organizing joint workshops, training programs, seminars and conferences on various emerging topics and to offer / organize any other program/activity/event within the competence of both the Institutions, whenever any-

- such need/requirement is proposed either by BFIN or by CUTM.
- 4.2. Both the Parties may offer their office infrastructures and facilities, subject to availability, at mutually agreed minimum cost basis or free of cost as appropriate, to each other or arrange the same for conducting events, programs, training, etc.
 - 4.3. Both the parties in collaboration shall explore to hold some training, conferences, exposure visit, etc., in Nepal and/or India or in any other country for enhancing the knowledge and skills of officials of both countries.
 - 4.4. Both the Parties agree to promote the common programs on their respective websites & other social media platforms, as and when required.
 - 4.5. Both the parties agree to acknowledge as "Preferred Partner" in domain of expertise offered by both the institutions and support each other.
 - 4.6. Both the parties agree to use their Logo and strategic alliance related information at their websites and in other formal publications.
 - 4.7. Both the parties agree to support each other with the exchange of faculties or resource persons, while hosting conference, training and webinars. The faculty can be drawn from CUTM and BFIN, government, CEOs and senior level officials from BFIs, academicians in respective fields, available within and outside of both the countries.
 - 4.8. Both the parties agree to find out scholarship/ grant/fund, as appropriate, for hosting the joint programs. The terms and conditions for hosting joint programs shall be decided project-wise.
 - 4.9. Both the parties agree to provide access to their respective network and alliances for mutual benefits and strengthening relationships.
 - 4.10. While hosting a customized program, general program, conference and seminar and the certified long-term diploma and degree courses in Nepal; the fees will be decided at the time of finalization of each program separately after mutual discussion with representatives of BFIN and CUTM.
 - 4.11. Both the parties agree to support each other with course outlines, reading materials, case studies, books and journals; and other relevant information such as online library as applicable; for the use of other and enhance the knowledge base of both the institutions.
 - 4.12. Gram Tarang Inclusive Development Services Private Limited (GTIDS), an entrepreneurial outreach of CUTM is active in Financial Inclusion space and working as a Business Correspondent for various Public Sector Banks across India. GTIDS & BFIN shall explore

the possibility of extending these services in Nepal.

5. Sponsored Research and Consulting Services

Under this arrangement, both BFIN and CUTM agree for exploring to collaborate in Research and Consulting activities in the areas of mutual interest and benefit. Such sponsored research will be fostered through the interactions with faculty members of CUTM and senior executives of BFIN to arrive at research problems. The financials and other terms and conditions of the research and consulting assignments will be as per mutual agreement, which will depend upon the duration of the project expertise required, research inputs and other incidental expenses.

6. Investment in Nepal

6.1. CUTM "in principle" agree to offer the following technical services to BFIN and other banks and financial institutions, subject to approval from the legal and regulatory authorities of both the countries:

INTRODUCTION

This Memorandum of Understanding (hereinafter MOU) is being entered into to establish friendship and cooperation in research, education, and culture between educators and students from **India and Nepal**.

- 1. First Party: Centurion University of Technology and Management (CUTM)(www.cutm.ac.in):** Centurion University is India's premier Private State Skill University with NAAC 'A' Grade, UGC (12B) and ICAR accreditations. It has always strived to fulfill its credo of Shaping Lives and Empowering Communities. CUTM is well recognized globally as a pioneer in skill integrated higher education by the United Nations, World Bank, NitiAyog, Central and State Governments and leading organizations such as EY. It offers short term skill courses, diplomas, undergraduate/postgraduate degrees as well as doctoral programs at its campuses in Odisha and Andhra Pradesh in India. Besides this, CUTM has also incubated and scaled multiple ventures under its umbrella brand 'Gram Tarang' in domains such as digital design, AR/VR, AI/ML, Skill Development, Financial Inclusion, Renewable Energy, Electrical/Electronics Engineering, Automotive Design and Engineering, Wood Engineering, Agriculture and Related Industries (such as tissue culture, dairy and fisheries). These ventures work cohesively with CUTM to make a comprehensive industry aligned eco-system. CUTM lays specific emphasis on building employable, entrepreneurial and socially sensitive youth who are future ready and driven by creating sustainable impact. On behalf of CUTM, **Banking Finance and Insurance Institute of Nepal Limited (BFIN)** will liaise the execution plans at Nepal whenever required.
- 2. Second Party: Kathmandu University (KU) (www.ku.edu.np):** Kathmandu University (KU) is an autonomous, not-for-profit, self-funding public institution established by an Act of Parliament in December 1991. It is an institution of higher learning dedicated to maintaining the standard of academic excellence in various classical and professional disciplines. The University's broadly perceived signature features include autonomous administration, financial self-sustenance, regular maintenance of the academic calendar, sustained trust of the international academic community, optimum contact between faculties and students and student-friendly environment, among others. The University operates through seven Schools: (i) School of Arts, (ii) School of Education, (iii) School of Engineering, (iv) School of Law, (v) School of Management, (vi) School of Medical Science and (vii) School of Science. KU runs academic programs most of which are credited for being introduced for the first time in the country. Business Administration, Pharmacy, Environmental Science, Biotechnology, Human Biology, Mechanical Engineering, Computer Engineering, Electrical and Electronics Engineering, Geomatics Engineering, Development Studies, Social Work, Technical Education, Media Studies, Civil Engineering with Specialization in Hydropower, Landscape Management and Heritage studies, Doctor of Medicine (DM) in Gastroenterology, DM in Neurology and MS by Research in Glaciology count among the pioneering programs in Nepal.

- 4.1 Students of each Institutions will be encouraged to participate in Study Programs, Trainings and Seminars, Summer Workshop Programs, and other Student Activities to promote international friendship and world peace by stimulating and supporting intercultural activities and projects between Post-Graduate Students from **India and Nepal**.
- 4.2 Each Institution, conforming to the admission requirements of the Host Institution, shall assume full responsibility in the assessment and selection of qualified candidates. The Host Institution shall then respect the selection so made. The selection process shall consist of stringent evaluation of the student's previous academic record, drive, motivation, and overall potential to succeed in an international academic environment.
- 4.3 In case of student exchange from one institution to another, the fee structure (including tuition fee and miscellaneous fee) of the academic year will be applicable. The student can go for exchange program from One (1) Semester to Two (2) Semesters Maximum.
- 4.4 Both parties agree to share 10% of the tuition fee as revenue in case of student exchange program from either party. This is based on the institution fee structure. Student will pay the Semester Tuition & Miscellaneous Fees as per the institutions published fee structure. Any additional cost on accommodation, visa, transportation etc. shall be borne by the student. There should be no claims on percentage sharing which usually becomes confusing and cumbersome/
- 4.5 Each institution assures that students have the language proficiency necessary to fulfil their academic plan, i.e. the medium of instruction to be English for the previously acquired degree.
- 4.6 While at the Host Institution, students will take courses in subjects similar to those required at their Home Institution. The exact program of each student will be determined by the student with the approval of his/her supervisors at the home institution and at the Host Institution.
- 4.7 Students from either Institution, when applying for admission under the program, will adhere to the admission of the Host Institution. Student selection will be based on meeting the requirements of the courses or programs applied for.

**CENTURION
UNIVERSITY**
*Shaping Lives...
Empowering Communities!*

- 4.8 Both Institutions will require for exchange students include, but not limited to, the applicant's academic transcript and a recommendation letter from the Supervisor and other requirements as stipulated by each institution.
- 4.9 All exchange students shall be subject to the same academic regulations regarding class performance as pertaining to regularly enrolled students at the receiving institution. All exchange students shall, within reasonable limits, attempt to represent their Home Institution and country to the best of their ability.
- 4.10 Both Institutions will assist incoming students to find suitable accommodation during their stay. Students will be required to stay in University Hostel or Accommodation prescribed by the University. Additional Fees for hostel shall apply.
- 4.11 Students enrolled in the Host Institution will be subject to the same rules and regulations as local students. Students will be eligible for all the services and rights normally provided to locally enrolled students.
- 4.12 Violation of local laws committed in the host country shall subject the exchange student to immediate withdrawal of his/her academic sponsorship and to immediate termination of the program. Such termination may also negatively affect the student's immigration status.
- 4.13 The academic record of each student's academic performance shall be sent directly to his/her Home Institution at the conclusion of each semester. Any academic credit earned at the Host Institution may be transferred back to the Home Institution in accordance with procedures determined by the Home Institution.

5. Research Collaboration

This Collaborative Partnership is defining the collective and individual responsibilities of the Institution in the areas of Research, Joint Hosting and Organization of Seminars, Conferences and Workshops, and any other academic activities related to the programs mentioned in Article 1 of this agreement, will be encouraged.

6. Conferences

Memorandum of Understanding between Indian Navy

And

Centurion University of Technology & Management, Odisha

On

Indian Naval Students Engagement Programme (IN-STEP)

Preamble

1. **Indian Navy (First Party).** In support of India's growing security needs and responsibilities, the Indian Navy (*IN*) has the vision to create and sustain a three dimensional technology enabled and networked Blue Water Navy for safeguarding India's Maritime interests and being the preferred 'Security Partner' in Indian Ocean Region. The *IN* recognizes the central role of Indian Colleges/Institutions/universities in development of futuristic technology and is also committed to innovation and indigenisation.

2. **Centurion University of Technology & Management, Odisha (Second Party).** Colleges/ Institutions/ Universities are in a unique position to develop futuristic combat technology by harnessing talent available within the campus. **Centurion University of Technology & Management,** Odisha, a research and educational institution in science, technology and engineering disciplines established by a special act of parliament of Republic of India/ Private entity and having its office at Bhubaneswar, herein after referred as "Centurion", Bbsr, which expression, unless repugnant to the context shall mean and include its successors and assigns of the second party.

Anita Patra

Purpose

3. With a view to encourage defense manufacturing, indigenisation and innovation in the country in keeping with the Government's articulated vision of *ATMANIRBHAR BHARAT* and 'Make in India', *IN* and "Centurion", Bbsr (hereafter referred to jointly as "parties" and individually as 'party') enter into this Memorandum of Understanding (MoU).

4. The parties shall jointly work to promote culture of innovation and research in futuristic combat technologies pertaining to defence. The fields shall include, but not be limited to, Underwater weapon & sensors, Missiles, Guns, Ammunition, Radar, Hyper Velocity Projectiles, Unmanned Aerial/Underwater Surface Vehicle, Combat Management System, Geospatial science, decision support etc to develop and enhance fighting capabilities of *IN*.

Jurisdiction

5. This MoU is subject at all times to Indian Laws, Rules and Regulations. Disputes, if any, will be settled through mutual discussions between the parties.

Scope

Article 1: Point of Contact. Both parties shall nominate suitable Point of Contact (PoC) for the implementation of this MoU. The respective PoC shall maintain close coordination with one another and work towards meeting the objectives of this collaboration as outlined in this MoU.

Article 2: *IN* shall designate "Centurion", Bbsr, as Indian Naval Students Engagement Program (IN STEP) Knowledge Partner.

Article 3: "Centurion", Bbsr shall promote culture of innovation and research in futuristic combat technologies to develop and enhance fighting capabilities of *IN*. Towards this, Colleges/Institutions/Universities will periodically provide the *IN* with research proposals from students for undertaking five month on-line unpaid internship under Indian Naval Students Engagement Programme (IN STEP). The detailed guidelines for on-line internship for students would be worked out mutually by both the PoC.

Article 4: *IN* shall consider extension of certain selected promising proposals post completion of five month on-line internship. A contract program with access to naval facilities and interaction with naval domain experts for better understanding of the problem statement(s) and familiarization with the context of the research subject shall be facilitated by *IN* for such selected proposals.

Anita Pater

Article 5. *IN* shall award a 'Certificate of Participation' to all participating students on completion of satisfactory participation on the internship, subject to the quality of the dissertation.

Article 6. "Centurion", Bbsr will nominate a suitable Professor as a guide to provide requisite guidance to the participating students. The final dissertation shall be examined by the *IN*, in consultation with designated guide. Dissertations may be examined by external faculty subject matter specialist of the concerned field, if required.

Article 7. Confidentiality. Most information exchanged under this MoU would not be of CLASSIFIED nature. However, some information may be considered proprietary and/or commercially sensitive. During the tenure of MoU both *IN* and Centurion Bbsr will maintain required confidentiality and prevent any disclosure of any such information and data exchanged under the scope of the MoU for any purpose other than in accordance with this MoU and after written consent of the parties. Sharing of any CLASSIFIED information by the *IN*, if undertaken, would be under the extant Government regulations.

Article 8. Effective Date and Duration of MoU. This MoU will come into effect from the date on which both parties have signed the MoU and will remain in force for an initial period of three years from then onwards. This MoU may be terminated by the either of the parties with a written notice of 3 months to the other party. In case of termination of MoU, all activities undertaken on its basis shall be fully implemented under the same conditions as they have been started.

Article 9. Both the parties may mutually modify this MoU as may be required from time to time.

In witness whereof the undersigned, duly authorized thereto by their respective organisations, have signed the present MoU.

Article 1. Scope

- 1.1 The Second party will recognize the First party as an Institute for **conducting research related to the thesis requirement of the research students for PG and Ph.D. Programme.** The Second party will recognize Scientists of the ICAR Institute as recommended by its Director in accordance with the University rules and regulations for guiding students working for the said degree.
- 1.2 Operational details of research effort and collaboration will be made in common research programmes and/or projects restricted to specific mandated domain within the approved disciplines/divisions. The objective(s) for research work for a student coming from a Second party outside NARS should be exclusively different as far as possible.
- 1.3 Research instrumentation facility and library facilities available with the First party and the Second party will be made available to the faculty and research scholars. However, the costs of specific consumables will be borne by the respective organizations.
- 1.4 There shall be an exchange of students for academic, research and training purposes. Accommodation in the Hostel shall be arranged, wherever possible, as per extant rates. The duration of exchange visits will be determined by mutual consent between both the parties.
- 1.5 The second party will recognize the First party as an Institute for capacity building of students and farmers, which will be undertaken by 2nd party as per ICAR rules and guidelines for professional service functions (Training, consultancy, contract research and contract service, 2014) or any further guidelines from ICAR from time to time.

Article 2. Management

- 2.1 Director of the First party and the Vice-Chancellor/Head of the Institution of the Second party will be responsible to work out operational details of co-operation between the two organizations and ensure proper and effective implementation of this MoU.
- 2.2 The Advisory Committee will meet at least once in a year alternatively in the institutions of the First party and the Second party to review the activities. This meeting shall include presentation on the academic and research activities, which should be open to the students, faculty and scientists.

(Signature of First Party)

(Signature of Second Party)

Article 3. Exchange of Information

- 3.1. The term "information" includes scientific or technical data, results and/or methods of investigation, and other information intended to be provided, exchanged, or arising under project descriptions entered into pursuant to this MoU.
- 3.2. The parties support the widest possible dissemination of information. Each party in joint projects shall be given the right to use, disclose, publish or disseminate such information for any and all purposes.

Article 4. General Provisions

- 4.1 It is understood that the First party and the Second party subscribe to the principle of equal opportunity and do not discriminate on the basis of race, sex, age, caste or religion. Both the Institutions shall abide by these principles in the administration of this agreement and neither party shall impose criteria for exchange of scholars or students, which violate principles of non-discrimination.
- 4.2 Both parties understand that all financial agreements will have to be negotiated separately and will depend on the availability of funds.
- 4.3 Both parties acknowledge that exchange of students from one party to the other shall be subject to the availability of funds and shall comply with the regulations and policies of the First party and the Second party.
- 4.4 Any research publications arising will be jointly published in accordance with the provisions laid out in Item 3.2.1C of the Guidelines for the students to conduct research for their degree programme as trainees at ICAR institutions as notified vide Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised guidelines, if any, as may be issued from time to time.
- 4.5 A copy of the thesis/dissertation will be submitted to the First Party after the award of the degree by the Second party.
- 4.6 All questions related to this MoU arising during its term will be settled by the parties by mutual agreement. Disagreements at the operating level shall be forwarded to respective higher officials for appropriate resolution failing which an arbitrator of mutual acceptance may be identified for the settlement of dispute, if any.
- 4.7 All questions not foreseen related to this MoU will be handled by the parties by mutual agreement.
- 4.8 Nothing in this MoU is intended to affect other cooperation or collaborations between the parties.

Article 5. Intellectual Property Rights

- 5.1 The Second party will be expected to ensure protection of the Intellectual Property Rights generated or likely to be generated during the student's research work. The ICAR as the first applicant (for its institute) and the Second party shall be the joint applicants for IPRs and the students and involved scientific staff shall be included as the inventor/breeder/author. The 'ICAR Guidelines for Intellectual Property Management and Technology Transfer/Commercialization' as amended from time to time shall be the reference for exploitation of the generated intellectual property, whose management and benefits sharing shall be mutually decided in each case.

 (Signature of First Party)

 (Signature of Second Party)

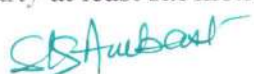

Article 6. Admission and Fees

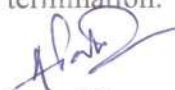

- 6.1 All those who wish to register as trainees or for Master/Doctoral programme under this MoU must apply for admission at the Second party. The allocation of Major Guide/Advisor would be finalized before the registration and will be governed by the provisions laid out in Items 3.2.1A and 3.2.2A of the Guidelines for the students to conduct research for their degree programmes as trainees at ICAR institutions as notified vide Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised Guidelines, if any, as may be issued from time to time, for the students from within NARS and outside NARS, respectively.
- 6.2 Admission of the students and the award of degrees for different programmes will be the responsibility of the Second party as per the rules and regulations.
- 6.3 Allotment of the students at the First party will be done by the approval of Director of the First party and Vice-Chancellor/Head of the Institution of the Second party.
- 6.4 The First party would have the right to screen the student's eligibility for admission based on their academic period.
- 6.5 The PME Cell of the First party in consultation with the representative of the Second party shall decide the location and sharing quantum of research work.
- 6.6 The number of student(s) at any particular time will be subjected to the availability of research facilities and scientists' time to guide thesis research at the First party institution.
- 6.7 Any student(s) admitted to the First party for training/postgraduate research, if found violating the rules and regulations laid down by the First party or indulge in such activities that amount to tarnishing the image of the Institute, or cause damage to the property, the registration of such student(s) would be summarily terminated. The Second party will not complete the formalities of issuing the certificates to such students until they compensate the losses to the First party.
- 6.8 Fees will be charged from the students by the First party as per Guidelines for the students to conduct research for their degree programmes as trainees at ICAR institutions vide Letter No. 2-8/2012-HRD dated 11th December, 2012 (*) or revised Guidelines, if any, as may be issued from time to time. No fee may be charged by the First party from the students registered with AU/DU within NARS. However a student registered with a Second party, outside NARS, **will deposit fee of Rs.10,000 for training duration up to 3 months (not leading to a degree/dissertation) and Rs.30,000 per semester (six months) for training, research, dissertation exceeding three months.** Any change in fee structure by ICAR will be applicable from the date of revision and shall be charged by the First party.

Article 7. Entry into effect, modification and termination

- 7.1. This MoU shall become effective on the date it is signed by the parties and shall be valid for three years extendable up to five years. Both parties shall review the status of the MoU at the end of each three/five year period to determine any modification, whenever necessary. The period of validity of this MoU may be extended by mutual consent up to five years. This MoU may be amended by mutual written agreement and may be terminated at any time by either party upon written notification signed by the competent authority of the party initiating termination. Such notification must be given to the other party at least six months in advance from the effective date of termination.

(Signature of First Party)

(Signature of Second Party)

- 7.2. All joint activities not completed at the expiration or termination of the MoU may be continued until their completion under the terms of this MoU.
- 7.3 No amendment or modification of the MoU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to be amendment of the MoU. The modifications/changes shall become part of the MoU and shall be effective from the date on which they are made/executed, unless otherwise agreed to.
- (* Copy of the recent guidelines i.e, F.No. 2-8/2012-HRD Dated 30.04.2014; dated 25.04.2014; and dated 11.12.2012 attached for ready reference.

This MoU has been executed in two originals, one of which has been retained by the First party and the other by the Second party).

3.2. The parties support the widest possible dissemination of information. Each party in joint projects shall be given the right to use, disclose, publish or disseminate such information for any and all purposes.

Article 4. General Provisions

4.1 It is understood that the First party and the Second party subscribe to the principle of equal opportunity and do not discriminate on the basis of race, sex, age, caste or religion. Both the Institutions shall abide by these principles in the administration of this agreement and neither party shall impose criteria for exchange of scholars or students, which violate principles of non-discrimination

4.2 Both parties understand that all financial agreements will have to be negotiated separately and will depend on the availability of funds.

4.3 Both parties acknowledge that exchange of students from one party to the other shall be subject to the availability of funds and shall comply with the regulations and policies of the First party and the Second party.

4.4 Any research publications arising will be jointly published in accordance with the provisions laid out in Item 3.2.1C of the Guidelines for the students to conduct research for their degree programme as trainees at ICAR institutions as notified *vide* Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised guidelines, if any, as may be issued from time to time.

4.5 A copy of the thesis/dissertation will be submitted to the First Party after the award of the degree by the Second party.

4.6 All questions related to this MoU arising during its term will be settled by the parties by mutual agreement. Disagreements at the operating level shall be forwarded to respective higher officials for appropriate resolution failing which an arbitrator of mutual acceptance may be identified for the settlement of dispute, if any.

4.7 All questions not foreseen related to this MoU will be handled by the parties by mutual agreement.

4.8 Nothing in this MoU is intended to affect other cooperation or collaborations between the parties.

Article 5. Intellectual Property Rights

5.1 The Second party will be expected to ensure protection of the Intellectual Property Rights generated or likely to be generated during the student's research work. The ICAR as the first applicant (for its institute) and the Second party shall be the joint applicants for IPRS and the students and involved scientific staff shall be included as the inventor/breeder/author. The 'ICAR Guidelines for Intellectual Property Management and Technology Transfer/Commercialization' as amended from time to time shall be the reference for exploitation of the generated intellectual property, whose management and benefits sharing shall be mutually decided in each case.

Article 6. Admission and Fees

6.1 All those who wish to register as trainees or for Master/Doctoral programs under this MoU must apply for admission at the Second party. The allocation of Major Guide/Advisor would be finalized before the registration and will be governed by the provisions laid out in Items 3.2.1A and 3.2.2A of the Guidelines for the students to conduct research for their degree programs as trainees at ICAR institutions as notified *vide* Letter No. 2-8/2012-HRD dated 25th April, 2014 or revised Guidelines, if any, as may be issued from time to time, for the students from within NARS and Outside NARS, respectively.

6.2 Admission of the students and the award of degrees for different programs will be the responsibility of the Second party as per the rules and regulations.

6.3 Allotment of the students at the First party will be done by the approval of Director of the First party and Vice-Chancellor/Head of the Institution of the Second party.

6.4 The First party would have the right to screen the student's eligibility for admission based on their academic period.

6.5 The PME Cell of the First party in consultation with the representative of the Second party shall decide the location and sharing quantum of research work.

6.6 The number of student(s) at any particular time will be subjected to the availability of research facilities and scientists' time to guide thesis research at the First party institution.

6.7 Any student(s) admitted to the First party for training/postgraduate research, if found violating the rules and regulations laid down by the First party or indulge in such activities that amount to tarnishing the image of the institute, or cause damage to the property, the registration of such student(s) would be summarily terminated. The Second party will not complete the formalities of issuing the certificates to such students until they compensate the losses to the First party.

6.8 Fees will be charged from the students by the First party as per Guidelines for the students to conduct research for their degree programs as trainees at ICAR institutions *vide* Letter No. 2-8/2012-HRD dated 25th April 2014 or revised Guidelines, if any, as may be issued from time to time. No fee may be charged by the First party from the students registered with AU/DU within NARS. However, a student registered with a Second party, outside NARS, "The students shall be uniformly charged a fee of Rs.20,000/- for training/research/dissertation up to duration of 3 months and @ Rs.30,000/- per semester for the work exceeding three months. The fee structure is to be reviewed periodically after two years by the AU/DU or the ICAR Institute, as the case may be. However, the students may be charged a fee of Rs.10,000/- for training duration of three months not leading to a dissertation/degree. "

Article 7. Entry into effect, modification and termination

7.1. This MoU shall become effective on the date it is signed by the parties and shall be valid for three years extendable up to five years. Both parties shall review the status of the MoU at the end of each two/five-year period to determine any modification, whenever necessary. The period of validity of this MoU may be extended by mutual consent up to five years. This MoU may be amended by mutual written agreement and may be terminated at any time by either party upon written notification signed by the competent authority of the party initiating termination. Such notification must be given to the other party at least six months in advance from the effective date of termination.

7.2. All joint activities not completed at the expiration or termination of the MoU may be continued until their completion under the terms of this MoU.

7.3 No amendment or modification of the MoU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to be amendment of the MoU. The modifications/changes shall become part of the MoU and shall be effective from the date on which they are made/executed, unless otherwise agreed to.

Centurion University of Technology and Management (CUTM), Bhubaneswar has pioneered a unique model for delivering industry-aligned skill-integrated higher education. The university has been accredited by NAAC with 'A' Grade, there by becoming the youngest private university to have earned the distinction.

The University offers under-graduate, post-graduate and doctoral degrees in the fields of Engineering & Technology, Agricultural Sciences, Management, Media and Communication, Paramedics and Allied Health Sciences, Pharmacy and Life sciences, Applied Sciences and a number of vocational trades.

Background

Scientific research is the creation of new knowledge, creating in turn the expanded capabilities that enable the development of novel technologies, skilled jobs and new processes or products. Scientific advances and technological change are important drivers of recent economic performance. Advances in research are driving technological changes faster and simultaneously interaction with respective user industries to produce and spread innovations which will have high economic, social and environmental values.

TGMRC shall be an integrated R&D Centre for Mineral and Material Technology. It has the vision to create "One Stop Shop" with scientific capabilities in wide spectrum areas of mineral processing, metal extraction, and making of mineral and metal-based products, related equipment development and waste utilization with special emphasis on conservation and sustainable utilization of natural mineral resources. It has created state of the art facilities

of instruments and equipment to carry out world class research engaging high quality researchers to provide the technological package starting from development of the process/product till the commissioning of the project for the mineral based industries. The Institute is capable to transfer the technology and give door-step solution on the concept of "Lab to Land". Cost effective waste utilization on the concept of "waste to wealth" shall be the simultaneous focus area and thus also achieving the goal of minimizing environment impact in mineral-based industries. TGMRC will work as "Economic Booster" to mineral-based industries through R&D backup to maximise production, minimize the cost of production, and minimize waste by proper ways and means, starting from optimal use of feedstock materials to finished goods and provide expertise for solutions during on-line production problem, if any.

Purpose

The main purpose is to carryout R&D work jointly with CUTM in collaboration mode to provide the following objectives of TGMRC;

- ❖ Develop efficient mineral based technologies and sustainable value-added products through fundamental and applied research.
- ❖ Research projects addressing the problem of mineral based industries.
- ❖ Development of process equipment suitable for specific characteristics of ores.
- ❖ Human resource and skill development for user industry to improve overall operations efficiency.

Scope of Work

The above works will be carried out in collaborative mode by both Institutes;

- (a) Research scholars from TGMRC with requisite qualification will enroll for their Ph.D. program in the CUTM. The guide and co-guide will be there from both institutes.
- (b) Students from CUTM can carry out their research work based on the theme of R&D area of TGMRC. The guide and co-guide will be there from both institutes.

General Terms and Conditions

It is now therefore mutually understood and agreed by and between the above parties that: -

1. There is no financial exchange between the two parties.
2. Any intellectual property as per IPR Act., arising out of the joint intellectual input under the collaborative R&D work will be held by both the parties i.e., TGMRC and CUTM and filing of such IP right and maintenance cost of which shall also be borne by both parties concerned.
3. The utilization, transfer, licensing and sale of the joint intellectual property or knowledge-base to third party shall not be done without the consent of both the parties and sharing of its benefits shall be done equally, if not covered by any other mutual agreement otherwise.

3.2. The parties support the widest possible dissemination of information. Each party in joint projects shall be given the right to use, disclose, publish or disseminate such information for any and all purposes.

Article 4. General Provisions

- 4.1 It is understood that the First party and the Second party subscribe to the principle of equal opportunity and do not discriminate on the basis of race, sex, age, caste or religion. Both the Institutions shall abide by these principles in the administration of this agreement and neither party shall impose criteria for exchange of scholars or students, which violate principles of non-discrimination
- 4.2 Both parties understand that all financial agreements will have to be negotiated separately and will depend on the availability of funds.
- 4.3 Both parties acknowledge that exchange of students from one party to the other shall be subject to the availability of funds and shall comply with the regulations and policies of the First party and the Second party.
- 4.4 A copy of the thesis/dissertation will be submitted to the First Party after the award of the degree by the Second party.
- 4.5 All questions related to this MoU arising during its term will be settled by the parties by mutual agreement. Disagreements at the operating level shall be forwarded to respective higher officials for appropriate resolution failing which an arbitrator of mutual acceptance may be identified for the settlement of dispute, if any.
- 4.6 All questions not foreseen related to this MoU will be handled by the parties by mutual agreement.
- 4.7 Nothing in this MoU is intended to affect other cooperation or collaborations between the parties.
- 4.8 The ICAR-IIVR, Varanasi shall extend its available infra-structural support to the visiting students of the Second Party such as hostel (subject to availability), library, farm, laboratory and computer facilities, etc and such students will be governed by the rules and regulations of the ICAR-IIVR, Varanasi.

Article 5. Intellectual Property Rights

- 5.1 The Second party will be expected to ensure protection of the Intellectual Property Rights generated or likely to be generated during the student's research work. The ICAR as the first applicant (for its institute) and the Second party shall be the joint applicants for IPRS and the students and involved scientific staff shall be included as the inventor/breeder/author. The 'ICAR Guidelines for Intellectual Property Management and Technology Transfer/Commercialization' as amended from time to time shall be the reference for exploitation of the generated intellectual property, whose management and benefits sharing shall be mutually decided in each case.
- 5.2 Any research publications arising will be jointly published in accordance with the provisions laid out in Item 3.2.1C of the Guidelines for the students to conduct research for their degree programme as trainees at ICAR institutions as notified *vide* Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised guidelines, if any, as may be issued from time to time.
- 5.3 The Supervisor/External Supervisor of the student shall be the corresponding author for the publications coming out of the work carried out at ICAR-IIVR/ MSSSoA, CUTIM and reported in the dissertation.
- 5.4 Patent/IP, if any, shall be dependent on the major work that is carried out either in ICAR-IIVR or MSSSoA, CUTIM. If the major work is carried out at ICAR-IIVR then, Patent/IP protection/registration will be done in the name of ICAR-IIVR and if the major work is carried out at MSSSoA, CUTIM then, Patent/IP will be in the name of MSSSoA, CUTIM. The work carried out by the students in ICAR_IIVR cannot be published anywhere without the knowledge of the concerned Supervisors from both the parties.

Article 6. Admission and Fees

6.1 All those who wish to register as trainees or for Master/Doctoral programs under this MoU must apply for admission at the Second party. The allocation of Major Guide/Advisor would be finalized before the registration and will be governed by the provisions laid out in Items 3.2.1A and 3.2.2A of the Guidelines for the students to conduct research for their degree programs as trainees at ICAR institutions as notified *vide* Letter No. 2-8/2012-HRD dated 25th April, 2014 or revised Guidelines, if any, as may be issued from time to time, for the students from within NARS and Outside NARS, respectively.

6.2 Admission of the students and the award of degrees for different programs will be the responsibility of the Second party as per the rules and regulations.

6.3 Allotment of the students at the First party will be done by the approval of Director of the First party and Vice-Chancellor/Head of the Institution of the Second party.

6.4 The First party would have the right to screen the student's eligibility for admission based on their academic period.

6.5 The PME Cell of the First party in consultation with the representative of the Second party shall decide the location and sharing quantum of research work.

6.6 The number of student(s) at any particular time will be subjected to the availability of research facilities and scientists' time to guide thesis research at the First party institution.

6.7 Any student(s) admitted to the First party for training/postgraduate research, if found violating the rules and regulations laid down by the First party or indulge in such activities that amount to tarnishing the image of the Institute, or cause damage to the property, the registration of such student(s) would be summarily terminated. The Second party will not complete the formalities of issuing the certificates to such students until they compensate the losses to the First party.

6.8 Fees will be charged from the students by the First party as per Guidelines for the students to conduct research for their degree programs as trainees at ICAR institutions *vide* Letter No. 2-8/2012-HRD dated 25th April 2014 or revised Guidelines, if any, as may be issued from time to time. No fee may be charged by the First party from the students registered with AU/DU within NARS. However, a student registered with a Second party, outside NARS, "The students shall be uniformly charged a fee of Rs.20,000/- for training/research/dissertation up to duration of 3 months and @ Rs.30,000/- per semester for the work exceeding three months. The fee structure is to be reviewed periodically after two years by the AU/DU or the ICAR Institute, as the case may be. However, the students may be charged a fee of Rs.10,000/- for training duration of three months not leading to a dissertation/degree."

Article 7. Entry into effect, modification and termination

7.1. This MoU shall become effective on the date it is signed by the parties and shall be valid for three years extendable up to five years. Both parties shall review the status of the MoU at the end of each two/five-year period to determine any modification, whenever necessary. The period of validity of this MoU may be extended by mutual consent up to five years. This MoU may be amended by mutual written agreement and may be terminated at any time by either party upon written notification signed by the competent authority of the party initiating termination. Such notification must be given to the other party at least six months in advance from the effective date of termination.

7.2. All joint activities not completed at the expiration or termination of the MoU may be continued until their completion under the terms of this MoU.

7.3 No amendment or modification of the MoU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to be amendment of the MoU. The modifications/changes shall become part of the MoU and shall be effective from the date on which they are made/executed, unless otherwise agreed to.

Treasury Officer, Khordha

(hereinafter called the "Assessment & Certification Body", which expression shall, unless repugnant to the context or meaning thereof, be deemed to mean and include its successors and assigns) on behalf of the Second Party.

A. Background and Purpose

MPSSDEGB is a body under the chairmanship of Hon'ble Chief Minister of Madhya Pradesh to act as the apex body for monitoring, coordination, convergence and providing overall policy direction for skill development activities in Madhya Pradesh. The State Government has set up State Skill Development Mission as a nodal body to anchor the skill development agenda in the State. **MPSSDEGB** is expected to play a significant role in escalating the pace of skilling, through identification of key sectors for skill development in the State, as well as coordinating with State Govt. Departments, industry and private training organizations. In order to ensure that the State is able to translate the large availability of working age population into a demographic advantage, the State would be launching various skill development schemes to raise the skilling quotient of Madhya Pradesh by providing access to short term demand driven training courses to youth in employable trades.

"**CUTM**" has been notified as a Skill University by the Govt. of Odisha in its Gazette Extraordinary No. 1383 dated 30th August'2017. It's School of Vocational Education and Training has been recognized as a Centre of Excellence by the Ministry of Skill Development and Entrepreneurship (Refer Gazette no. F. SD-17/123/2019-SA/MSDE dated 18th November' 2019).

MPSSDEGB and **CUTM** will henceforth be referred to independently as the 'First Party' and 'Second Party' respectively and collectively as the 'Parties'.

THIS AGREEMENT WITNESSES AND THE PARTIES HERE TO AGREE TO THE FOLLOWING:

B. OBJECTIVE

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding is signed on 18th April 2022, between The Forest College & Research Institute, Hyderabad at Mulugu, Siddipet district, Telangana herein after referred to as FCRI represented by Dean, Forest College & Research Institute, Hyderabad at Mulugu, Telangana.

And

Centurion University of Technology and Management, R. Sitapur, Odisha herein after referred to as CUTM, Represented by the Registrar, Centurion University of Technology and Management, R. Sitapur, Odisha.

Forest College & Research Institute (FCRI) was established in the year 2016. The FCRI is being run by the State Forest Department of Telangana and Managed by the Governing Board which is constituted by the Government of Telangana. Being a new institute, during this academic year the 4-year B.Sc. (Hons.) Forestry Degree and MSc (Forestry) programmes are offered by FCRI and it is proposed to offer Ph.D. (Forestry) Degree programmes during the ensuing academic year 2022-2023. The vision of the FCRI is to emerge as a World Class Institute for Forestry Education, Research, Management and Outreach. FCRI has 7 departments viz., Silviculture and Agroforestry, Natural Resource Management and Conservation, Wildlife and Habitat Management, Forest Product and Utilization, Tree breeding and Improvement, Forest Ecology and Climate Science and Basic and Social Science. All the departments were provided with adequate number of trained faculty members as well as lab facilities to impart the state-of-the-art forestry technologies to the professional foresters besides the well-equipped hostel facilities for both boys and girls.

Centurion University today is known for its unique model of working with Industry and bringing state of Art technology innovations into curricula. It never believed in mass production of graduates. It has achieved a pole position in the area of skill development and integrating skills into higher education. The following are its unique propositions which make it one of its kind. The University to promote multiple entry and multiple exist paths into formal education. This enables school drop-outs to get into formal education.

1. University works with over 40 industry partners and has a co-investment model with industry. The industry has contributed over 130 crores of equipment as part of CSR to the university.
2. The University is approved as an assessment body for all skill development programmes supported under NOS/QP/SSC route of NSDC. We are approved for this by NSDA.
3. The University has pioneered the model of project-product-production as a pedagogical tool as opposed to lab-experiment-record approach in the area of smart agriculture, health and allied sectors, genetics and genomics in two categories of plant tissue culture and gene sequencing and genome editing, phyto-pharma, collaborative Dassault Systems led to the modelling 3DEXPERIENCE virtual twin of agriculture/forest, automotive and manufacturing, smart city applications, etc.
4. The University is now working in different industry verticals and produces over 50,000 skilled students every year.

From the inception, Centurion University's DNA has been "Shaping lives and empowering communities". The University has focused on 'hands-on', 'experience based',

'practice oriented' learning, 'cutting-edge' research advancements that makes a difference through appropriate and relevant innovation. While promoting Nano, Mini and Micro Enterprises, the University works toward learning experiences that are 'quantifiable', 'sustainable', 'scalable' and 'replicable'.

Both FCRI and CUTM are empowered by their by-laws to enter into cooperative agreement of this nature with other universities / institutes with respect to the subjects related to achieve its goals objectives as stated by their by-laws.

1. PURPOSE

The FCRI and CUTM desiring to develop cooperation and collaboration in Education, Research, Management, and other agreed activities that further the aims and objectives of the FCRI, agree as follows:

WHEREAS,

- i) Centurion University of Technology and Management is the first multi-sector Private State University of Odisha, established by the Act (no.4 of 2010) of the State Legislature. The University is approved by UGC, Accredited 'A' grade by NAAC and also got 12B status from UGC. Centurion University has been

accorded the status of a "Skill University" and has been notified by the State Government through gazette notification no 1383 of 30 August 2017. As a Skill university provides hand on training in various sectors and also well occupied with research facility.

- ii) The CSIR - Central Building Research Institute (CSIR-CBRI) at Roorkee, Uttarakhand, India, is a constituent establishment of Council of Scientific and Industrial Research, India and has been vested with the responsibility of generating, cultivating and promoting building science and technology in the service of the country.
- iii) Both CUTM and CSIR- CBRI are leading premier national organizations in their respective fields and are desirous of working together to work as a team to achieve national objectives, undertaken with their best abilities and maximum mutual cooperation with intent of helping each other in the building science and technology development - a vital component in India's march towards becoming a developed nation.

NOW, IT IS HEREBY AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:

1. Scope of the MoU

In the spirit of intellectual cooperation, scholarly exchange, and the development of national partnership with leading institutions, Centurion University of Technology and Management, Odisha, India and the **CSIR-Central Building Research Institute, Roorkee, India** agrees to establish a program of exchange and collaboration on related matters of mutual interest that may emerge over time.

2. The purposes of the cooperation are to promote collaborative research and to facilitate the exchange of ideas, the development of new knowledge, and to enhance high quality research acumen. The major thrust of the research on which the parties will cooperate are *research areas of civil and geotechnical engineering which include: landslide and earthquake studies, disaster mitigation studies and remediation measures, geosynthetics, foundations, ground improvement, sub-surface geological and geophysical investigations, application of remote sensing and GIS, industrial waste and contaminated soil, reuse of waste materials, geoenvironmental issues, slope stability investigation and warning issues in soil and rock medium, AI & ML, landslide hazard mapping and analysis, Drone based applications for geological structures and evaluation of civil structures among others.*

3. The modes of cooperation will include:

- a. Exchange of faculty and students for the purpose of research, learning, and teaching.
- b. Joint guidance of students of CSIR-CBRI and CUTM, Odisha on the mutually agreed areas of the faculty, students and both the institute.

- c. Use of infrastructural facilities on project basis while agreeing upon the respective institute norms.
 - d. Development and implementation of co-operative research projects, professional development programs, and capacity building efforts.
 - e. Promoting joint publications.
 - f. Scope for CUTM, Odisha UG and PG students to work under the purview of internship on live projects of CSIR-CBRI.
4. To achieve the goals of this cooperation, both parties will, in-so-far as the means of each allow:
 - a. Promote institutional exchange by inviting faculty and student researchers of the partner institution to participate in appropriate research activities;
 - b. Organize of symposia, conferences and meetings on timely research issues;
 - c. Develop and carry out joint research programs; and
 - d. Exchange information pertaining to the agreed-upon research areas.
 5. Prior to the initiation of any particular project or activity, the specific terms of co-operation and exchange for that project will be discussed and agreed upon in writing by an appropriate responsible representative of both the institutions.
 6. Either party may propose to the other specific individual research project(s) for collaboration. Such proposals may be made at any time and the parties will develop an agreement for each agreed-upon project. The protection and exploitation of any intellectual property arising out of a research project will be addressed in each individual project agreement.
 7. Day to day implementation of this agreement will be coordinated by the Planning and Business Development Group (PBD) of CSIR - CBRI and the Vice-chancellor & H.O.D Civil Engineering of CUTM, Odisha.
 8. Each institution agrees to release and hold the other harmless from and against any claims, damages, liability or costs, to the extent such claims, damages, liability or costs arise from the negligent or wilful acts or omission of the other university or any of its agents or employees in connection with their respective performance under this MoU.
 9. The parties agree that in the course of implementing this MoU, they will not engage in unlawful discrimination on the grounds of race, gender, sexual orientation, age, religion, social class, national or ethnic origin or disability.
 10. Both parties understand that all financial arrangements for specific exchange activity must be mutually agreed upon and will depend on the availability of funds. In addition, the scope of the activities will be subjected to the funds available at the institutions for the type of collaboration undertaken and any financial assistance that may be obtained by either from external sources. Both institutions acknowledge and understand that all financial arrangements, if any, will be subjected to proper written agreement and availability of funds for each activity/project undertaken.

11. No institution shall have the right to use the name or logo of another institution without the prior approval of that institution in writing.
12. Amendments to this MoU may be made at any time after consultation and agreement between two institutions. Any such amendment must be in writing and signed by both parties.
13. This MoU will remain in force for a period of five (5) years from the date of signing. The MoU can also be suitably modified, as agreed to by both the parties, to reflect an increased scope, nature of engagement/activities including financial commitments, if any. Prior to the expiration date, the MoU may be reviewed for possible renewal. In addition, either party may terminate the MoU in advance of its normal expiration by providing the other with six months' prior written notice. In this case persons already approved as exchange participants will be allowed to complete their exchange visits under the conditions specified at the time of their invitation to the host institution.
14. Rights regarding publications, patents, royalty, ownership of software / design / product etc. developed under the scope of this MoU shall be decided on case to case basis by both the parties. The % of expenditure from partner institute to apply and maintenance of IPR/Patent shall be decided on case to case basis by both the parties.
15. Arbitration : Any disputes or difference shall be referred to "Delhi International Arbitration Centre (DIAC), Delhi High Court, New Delhi"

NOW THEREFORE THE PARTIES HERETO AGREE AS FOLLOWS:

ARTICLE 1. PARTNER'S PROJECT

Centurion University of Technology & Management, Odisha, will create Knowledge on wheels as Farmers Experience Zone, in a Mobile Unit for small and marginal farmers.

The main goal of the project is to skill small and marginal farmers in Odisha and Andhra Pradesh villages on advanced agriculture. Mobile van equipped with 3D farmer experience center would be used for deployment of such training in rural areas on farm training. This would be a cutting edge training facility for farmers with no access to formal education or the ability to attend courses in University campus. The long term goal is to create a sustainable path for enabling capacity building of 50 lakhs Indian Farmers in agri-tech and improve their incomes by at least 20% by adopting agri-technology.

3D technology offers advanced modelling framework to simulate 'what if scenarios' to test concepts and develop optimal solutions to increase yield rate of the farm ranging from ploughing path optimization and field design to field ergonomic analysis and plant life cycle.

Detailed activities that Centurion University Digital Farm using 3D Experience Platform intends to incorporate in the Farmers experience zone for training:

- Creation of Digital Farm
- Modelling of the Farming machinery system behaviour
- Agriculture product optimization
- Farming machinery optimization for environment purpose
- Project management
- Ploughing path design and optimization
- Modelling a field data acquisition vehicle
- Analysis ergonomic requirements
- Modelling a plant life cycle
- Analysing, defining and planning workflow to manage the farm
- Scientific Vermi- compost creation
- Mushroom Farming

In addition the benefits from the project execution that will be shared with other teaching organizations are:

- Configuring and optimizing a game like visit of Digital Farm
- Prototyping of Farm equipment tools: Using 3D printing, the developed digital models of various equipment's.

The Partner will share all the content created as part of this project, to Dassault Systemes Foundation and will allow Dassault Systemes Foundation to use and share with other institutes.

Public Beneficiaries of this project will be: Small and Marginal Farmers of all age groups. The areas identified are socio-economically marginalized communities in remote rural & tribal belts with major farmers from SC/ST category and often woman members also involved in helping in agriculture.

While the larger goal envisaged is to cover 50 Lakh small and marginal farmers and farmers having less than 5 hectares in this project, it is proposed to roll out a pilot of this program in Odisha and AP with a target to train 1000 farmers.

(Hereinafter the "Project").

Memorandum of Understanding

Between
hereafter

**Centurion University of Technology and
Management**
Bhubaneswar, INDIA

and

**Institut International du
Commerce et du
Développement**
Paris and Toulouse, France

Centurion University of Technology and Management (CUTM) and Institut International du Commerce et du Développement (ICD) recognize the importance of internationalization in the education and development of their students and professors and wish to provide them with the opportunity of studying and working in an international environment. To that end, both institutions agree to set up an academic partnership.

1. Objective of the cooperation

The two institutions acknowledge the importance of internationalization within their academic programs and research projects. To this end, both institutions seek to promote academic cooperation by creating and maintaining academic and research collaborations between their faculty and departments. The cooperation of both institutions should facilitate the development of further specific agreements and forms of collaboration.

2. Scope of cooperation

Both institutions agree to the following general forms of cooperation, subject to available resources:

1. Exchange of students on the understanding that the admission standards of both institutions for these exchanges are satisfied and with reciprocal recognition of academic achievements.
2. Exchange visits of faculty and administrative staff.
3. Collaboration in research projects, conferences and publications.
4. Collaboration in the creation and implementation of international study programs, including:
 - a. double degree programs
 - b. the development of an MBA or MSc degree conferred by ICD and accredited by the French Government, to be taught 50% in France and 50% in India and to be marketed generally in international markets with the aim of forming batches of international students
 - c. semester-long programs for ICD students to spend at CUTM as part of their Bachelor program
 - d. opportunities for CUTM Bachelor students to attend ICD for a semester
 - e. opportunities for ICD students to undertake internships with CUTM or one of its associated NGO and industry partners
 - f. opportunities for ICD students to undertake short term study programs in India as part of international groups from other countries
5. Collaboration in the development of curriculum materials.
6. Exploration of opportunities and means for ICD and CUTM faculty to jointly offer market research and business development consultancy services to French and Indian companies wishing to undertake business opportunities.

Both institutions agree that all collaboration projects shall be subject to separate agreements that follow the objectives of this Memorandum of Understanding. Both institutions further agree that further forms of collaboration may be added to the cooperation at any time.

3. Promotion of the cooperation

1. All activities and materials to promote the present cooperation are subject to bilateral assessment by CUTM and ICD and their publication require written agreement of both institutions.

2. Within all promotional activities, communications and publications associated with the cooperation, the usage of the names and logos of CUTM and ICD require mutual written consent.

4. Intellectual property rights

1. Intellectual property rights, in particular copyright of material to be used to carry out the activities under this memorandum, shall remain with the originating party unless separately negotiated and agreed upon by the concerned parties.
2. Within all publications and communications associated with the cooperation by any party mentioned in this memorandum, the usage of the names and logos of CUTM and ICD require mutual written consent of both institutions.

5. Duration and termination of the cooperation

This Memorandum of Understanding will become effective upon the date of signature by both institutions. It will be valid for a period of 5 years and may be extended for an additional period of 5 years by mutual written agreement.

Either institution may terminate this Memorandum of Understanding by giving not less than 12 months written notice. Any termination shall take into account and offer alternative solutions or compensation to students, professors, and other personnel already involved in any activities under this Memorandum of Understanding and the above mentioned agreements on specific collaborations.

6. Conflict between the cooperation partners

Any dispute arising from the execution of this Memorandum of Understanding or any other agreement in respect to this collaboration shall be settled through amicable settlement. In the event that no settlement can be agreed upon through negotiation, the matter shall be submitted for international arbitration in the place of the respondent, in accordance with the relevant laws applicable in that jurisdiction. The arbitration shall be conducted with respect to the non-commercial nature of the SFEDBAP and the nonprofit organizations involved.

1.1 The Second party will recognize the First party as an Institute for conducting research related to the thesis requirement of the research students for **B.Sc (Ag), B.F.Sc., B.Tech Ag - Internship and PG Programme**. The Second party will recognize Scientists of the ICAR Institute as recommended by its Director in accordance with the University rules and regulations for guiding students working for the said degree.

1.2 Operational details of research effort and collaboration will be made in common research programmes and/or projects restricted to specific mandated domain within the approved disciplines/divisions. The objective(s) for research work for a student coming from a Second party outside NARS should be exclusively different as far as possible.

1.3 Research instrumentation facility and library facilities available with the First party and The Second party will be made available to the faculty and research scholars. However, the costs of specific consumables will be borne by the respective organizations.

1.4 There shall be an exchange of students for academic, research and training purposes. Accommodation in the Hostel shall be arranged, wherever possible, as per extant rates. The duration of exchange visits will be determined by mutual consent between both the parties.

Article 2. Management

2.1 Director of the First party and the Vice-Chancellor/Head of the Institution of the Second party will be responsible to work out operational details of co-operation between the two organizations and ensure proper and effective implementation of this MoU.

2.2 The Advisory Committee will meet at least once in a year alternatively in the institutions of the First party and the Second party to review the activities. This meeting shall include presentation on the academic and research activities, which should be open to the students, faculty and scientists.

Article 3. Exchange of Information

3.1. The term "information" includes scientific or technical data, results and/or methods investigation, and other information intended to be provided, exchanged, or arising under project descriptions entered into pursuant to this MoU.

3.2. The parties support the widest possible dissemination of information. Each party in joint projects shall be given the right to use, disclose, publish or disseminate such information for any and all purposes.

Article 4. General Provisions

4.1 It is understood that the First party and the Second party subscribe to the principle of equal opportunity and do not discriminate on the basis of race, sex, age, caste or religion. Both the Institutions shall abide by these principles in the administration of this agreement and neither party shall impose criteria for exchange of scholars or students, which violate principles of non-discrimination

4.2 Both parties understand that all financial agreements will have to be negotiated separately and will depend on the availability of funds.

4.3 Both parties acknowledge that exchange of students from one party to the other shall be subject to the availability of funds and shall comply with the regulations and policies of the First party and the Second party.

4.4 Any research publications arising will be jointly published in accordance with the provisions laid out in Item 3.2.1C of the Guidelines for the students to conduct research for their degree programme as trainees at ICAR institutions as notified *vide* Letter No. 2- 8/2012-HRD dated 11th December, 2012 or revised guidelines, if any, as may be issued from time to time.

4.5 A copy of the thesis/dissertation will be submitted to the First Party after the award of the degree by the Second party.

4.6 All questions related to this MoU arising during its term will be settled by the parties by mutual agreement. Disagreements at the operating level shall be forwarded to respective higher officials for appropriate resolution failing which an arbitrator of mutual acceptance may be identified for the settlement of dispute, if any.

4.7 All questions not foreseen related to this MoU will be handled by the parties by mutual agreement.

4.8 Nothing in this MoU is intended to affect other cooperation or collaborations between the parties.

Article 5. Intellectual Property Rights

5.1 The Second party will be expected to ensure protection of the Intellectual Property Rights generated or likely to be generated during the student's research work. The ICAR as the first applicant (for its institute) and the Second party shall be the joint applicants for IPRs and the students and involved scientific staff shall be included as the inventor/breeder/author. The 'ICAR Guidelines for Intellectual Property Management and Technology Transfer/Commercialization' as amended from time to time shall be the reference for exploitation of the generated intellectual property, whose management and benefits sharing shall be mutually decided in each case.

Article 6. Admission and Fees

6.1 All those who wish to register as trainees or for Master/Doctoral programme under this MoU must apply for admission at the Second party. The allocation of Major Guide/Advisor would be finalized before the registration and will be governed by the provisions laid out in Items 3.2.1A and 3.2.2A of the Guidelines for the students to conduct research for their degree programmes as trainees at ICAR institutions as notified *vide* Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised Guidelines, if any, as may be issued from time to time, for the students from within NARS and Outside NARS, respectively.

6.2 Admission of the students and the award of degrees for different programmes will be the responsibility of the Second party as per the rules and regulations.

6.3 Allotment of the students at the First party will be done by the approval of Director of the First party and Vice-Chancellor/Head of the Institution of the Second party.

6.4 The First party would have the right to screen the student's eligibility for admission based on their academic period.

6.5 The PME Cell of the First party in consultation with the representative of the Second party shall decide the location and sharing quantum of research work.

6.6 The number of student(s) at any particular time will be subjected to the availability of research facilities and scientists' time to guide thesis research at the First party institution.

6.7 Any student(s) admitted to the First party for training/postgraduate research, if found violating the rules and regulations laid down by the First party or indulge in such activities that amount to tarnishing the image of the Institute, or cause damage to the property, the registration of such student(s) would be summarily terminated. The Second party will not complete the formalities of issuing the certificates to such students until they compensate the losses to the First party.

6.8 Fees will be charged from the students by the First party as per Guidelines for the students to conduct research for their degree programmes as trainees at ICAR institutions *vide* Letter No. 2-8/2012-HRD dated 11th December, 2012 or revised Guidelines, if any, as may be issued from time to time. No fee may be charged by the First party from the students registered with AU/DU within NARS. However a student registered with a Second party, outside NARS, will deposit fee of Rs. 10,000/- for training duration of 3 months (not leading to a degree/dissertation) and Rs. 30,000/- per semester (six months) for training, research, dissertation exceeding three months. Any change in fee structure by ICAR will be applicable from the date of revision and shall be charged by the First party.

Article 7. Entry into effect, modification and termination

7.1. This MoU shall become effective on the date it is signed by the parties and shall be valid for three years extendable up to five years. Both parties shall review the status of the MoU at the end of each three/five year period to determine any modification, whenever necessary. The period of validity of this MoU may be extended by mutual consent up to five years. This MoU may be amended by mutual written agreement and may be terminated at any time by either party upon written notification signed by the competent authority of the party initiating termination. Such notification must be given to the other party at least six months in advance from the effective date of termination.

7.2. All joint activities not completed at the expiration or termination of the MoU may be continued until their completion under the terms of this MoU.

7.3 No amendment or modification of the MoU shall be valid unless the same is made in writing by both the parties or their authorized representatives and specifically stating the same to be amendment of the MoU. The modifications/changes shall become part of the MoU and shall be effective from the date on which they are made/executed, unless otherwise agreed to.
