Report for Zoology\_Alumni Talk

**Centurion University of Technology and Management, Odisha.**

**Department of Zoology, BBSR Campus**

**Alumni Meeting Report - 2019**

**Date:-13.11.19**

**Participating:-96**

The Alumni meet organized under "ALUMNI MEET 2019"- a programme to facilitate, consolidate and coordinate Alumni Activities in Department of Zoology at Seminar Hall on 13<sup>th</sup> November 2019. The alumni meet is to reconnect with the Alumni and celebrate their success and various achievements. The Alumni started arriving in college by 2:00 P.M. and they were received by the registration team and they have been asked to fill the registration form. The Alumni Meet started with a welcome address by Head of the Department of Zoology, Dr. Siba Prasad Parida. The meeting was graced by the Dean of School of Applied Sciences, Dr. S.K. Biswal.

During the interaction session with the alumni

- They planned to add passed out batches of both B.Sc. & M.Sc.
- About updating database of the alumni association.

Alumni also interacted with the students of 1<sup>st</sup> Year M.Sc. and gave motivational talk regarding preparing for higher studies and placements. Students asked many questions regarding placements and the alumni shared their views. Vote of thanks was given by the Career Co-

ordinator, Dr. Sitaram Swain and he thanked the alumni members of the event. He also thanked the management of CUTM for the support and guidance which has made Alumni Meet 2019 a grand success.

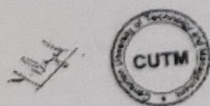

Some alumni students also shared their experiences and memories in Centurion University during their tenure.

After completing my masters from CUTM, I got appointed as at the first opportunity of my career to work as a guest faculty in a government degree college in which the environment of CUTM played a pivotal role. The various seminars like the national biodiversity seminar, seminar held on world AIDS day and snake bite management not only added my knowledge in the field of education but rather add a value to my day-to-day life, for which I feel obliged. August 2017, I got my admission and since then for the next two years, it was not just a degree but a career development prospective where I got a lot of opportunity to attend seminars, make projects and even go on field visits. All of these experiences not only enriched my knowledge but have also help me groom my students through my new journey as a guest faculty.

Joined centurion to complete our masters but we all left as a skilled and groomed career-oriented personals having a large exposure about continuing our career in the field of academics as well as research. We are thanking to CUTM for providing us such an good opportunity.
