Report for Zoology_Alumni Talk

ALUMNI MEETING REPORT

Centurion University of Technology and Management, Odisha.

Department of Zoology, BBSR Campus

Alumni Meeting Report-2020

Participants:- 200

Due to the pandemic we could not organize the Alumni Meet / Home Coming Event this year in Offline mode. The alumni meet was organized on Virtual Mode Centrally by Dean (Student Welfare) Dr. Sangram Keshari Swain. The "Virtual Alumni Meet: Home Coming Event" as part of the Alumni Connect was conducted on 30th December 2020 from 4 PM onwards. Many alumni students of the department participated in Virtual Mode.

During the interaction session with the alumni

- They planned to add different passed out batches.

- About updating database of the alumni association.
- To take Alumni Feedback.

Alumni also interacted with the students and gave career guidance regarding higher studies and placements. Students asked many questions regarding placements and the alumni shared their views. Vote of thanks was given by Registrar Madam of the University, Dr. Anita Patra Madam, she thanked the organizers and members of alumni association of the event. She also thanked the management of CUTM for the support and guidance which has made Alumni Meet 2020 a grand success. In virtual mode our department captured some of the moments where the alumni of zoology department shared their experiences and views.

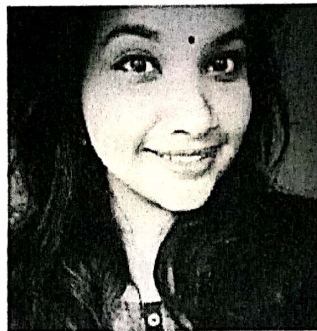

Figure 20 Zoology Alumni Talk
(Ms. Banaja Priyadarshini)

We attended the campus drives in CUTM during our final year in Masters. Most of the jobs were not for our field but the few that resonated with us, were of great experience. The interviews added to our personal development. Prior to the interviews, we had been prepped on how to make the best scenario where recruitment would go in our favour. I had secured a research writing job, from those interviews, with I did not pursue because of my interest in

academics. The interviews were helpful in giving us experiences which did help our calibre, as getting recruited is much more than having the right subject knowledge. The additional qualities required for a job, can be assessed through interviews, but as the interviewee, it's essential to know which qualities are being assessed and how we can turn the wind for our favor. That's what we learned from the recruitment drives. The key aspects that the interviewer looks for in the interviewee and how to get recruited. I am grateful for the exposure as it had immensely helped in hiking my confidence.

Figure 21 Zoology_Alumni Talk
(Ms. Bidyashree Tripathy)

I am Bidyashree Tripathy, had pursued M.Sc. Zoology at CUTM from 2018-2020. This college has a good number of qualified faculties who made learning a lot more easier. The syllabus had all the important subjects which were completed on time and therefore helped me a lot in qualifying GATE-2021 and 2022. Also some career counseling programmes are held from time to time to help students out in choosing their after Masters career. Further the classes and practicals were conducted on a regular basis which kept the interest in the subjects intact.

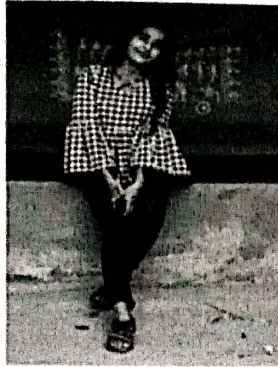

Figure 22 Zoology_Alumni Talk

(Alpita Routaray)

I completed my M.Sc. in Zoology from Centurion University of Technology and Management, and my overall experience has been very good. The campus is beautiful and the teachers are very supportive. The university offers career counseling programs under the guidance of excellent professionals. The programs focus on motivating students to dream high and expand their knowledge. This has helped me in qualifying the post for academic specialist in Byju's. Constant efforts and encouragement of my teachers has added heights to my confidence, career and personality. I am very much thankful for being a part of this university.

Figure 23 Zoology_Alumni Talk

(Jogesh Kumar Nayak)

During my Post graduation in CENTURION UNIVERSITY I have attended the career development program. It was eye opening for me as I got to know various future aspects of our field including job opportunities and also able to found answers to all my queries. Especially learnt how to utilize my knowledge, practical skills & qualifications in my higher studies and other zoological fields. Dr. YashaswiNayak, Dr. Siba Prasad Parida, Dr. Sitaram Swain & Dr. Gayatree Acharya have given excellence guidance in this program. It was indeed fruit full experience for me. I am really thankful to Centurion University to conduct such a student friendly and well informed event.
