Please note that ICAR/Universities will NOT be held responsible for denial of admission to non-eligible candidates. The candidate is advised to read the IB in detail and especially the Item 4.0 (Admission through Online Counseling) of Online Counseling Brochure of AIEEA (PG)-2019, and the requirements contained therein.

While computing 40% number, mathematical method of rounding to the nearest integer would be adopted except where there is only one seat, in which case, the whole seat would be allocated. If candidates do NOT lock their choices, last saved choices will be locked automatically upon reaching the deadline for choice filling. Candidates will NOT be allowed to edit their choice list after the deadline for choice filling, i.e. candidates CANNOT change the order of their choices OR add any more course in OR delete any course from their choice list after the deadline for choice filling.

## SEAT ALLOTMENT AND UPGRADATION

On the date of allotment, candidate's choices, his/her merit, score, qualification, domicile, category, sub-category, last University in which studied and seat matrix will be processed together and seat will be allotted following the reservation rules of GoI. Candidate will be allotted one of his/her desired accredited University/Course. Allocation of an accredited college within the University allotted shall be done by the University itself. It does not come under the scope of this counselling.

↓

Candidate should download his/her provisional allotment letter mentioning the Course/University allotted and the date on which he/she has to report at the allotted University along with all listed documents. Candidate will also be sent this intimation through SMS and email.

↓

All the candidates who have been allotted a seat for the first time in any round of allotment will be mandatorily required to report at the allotted University within the prescribed date and time failing which their allotment will be cancelled.

↓

Upon reporting at the allotted University, the candidate has to produce all the relevant original documents to the University officials for verification. University may refuse admission if the listed documents are not found in order or the candidate is found ineligible for admission.

↓

The candidate shall pay the prescribed fee to the University and the University official will generate the Provisional Admission letter of the candidate.

↓

Some candidates will be allotted their 2$^{nd}$/3$^{rd}$/4$^{th}$ or even higher choice. On the other hand, some seats allotted to other candidates may remain vacant due to non-reporting or the reasons of in-eligibility, etc. Provided the seat(s) have become vacant, these reporting candidates may request for sliding to a better choice in the subsequent round of allotment. It may be clearly noted that the candidate will be considered for sliding ONLY to one of the better choices that were given by him/her at the time of online choice filling. Such candidates should request the University officials to online mark them for "Upgradation". However, it will be MANDATORY for the candidate to first take admission on the allotted seat.

Contd....

Contd….

If the candidate could not request for "Upgradation" at the University at the time of reporting, and wants to do so, then he/she will be able to do it, after admission, as per his/her convenience at home, using his/her login credentials. Such candidates will be required to **print their "Upgradation" letter, sign it, scan and upload on the counseling portal**. University officials will download the same through the University Login and attach that along with the other documents submitted by the candidate earlier.

↓

Vice versa, if the candidate had opted for "Upgradation" while reporting at the University but does not want to continue with it, then he/she will be able to do so through his/her individual login as per his/her convenience at home.

↓

The status of all the candidates who had opted for "Upgradation", will be available through University Login with complete chain of developments (In/Out).

↓

In the subsequent round of allotment, such candidates will be tried first for their better choices on the seats which had become vacant due to not reporting, ineligibility, etc.

↓

If the candidate does not get a better choice, then his/her initially allotted seat will be retained by him/her.

↓

If the candidate gets a better choice, then his/her initially allotted seat will stand CANCELLED and the candidate will have to accept the "Upgraded" seat. In NO case, such "UPGRADED" candidate will be allowed to retain the initially allotted seat. Therefore, the candidate must be very careful in exercising the request for "Upgradation".

↓

The "Upgraded" candidates are EXEMPTED from reporting at the "Upgraded" University. Since the eligibility and documents have already been verified by a Competent University, therefore, the candidates have been given this relaxation. After upgradation, the candidate should contact the concerned university and verify the date of registration and additional eligibility requirements/criteria, if any, for the allotted course, well in advance, before finally reporting for admission. However, if the "Upgraded" University/ Course has some additional requirements of eligibility then the onus shall lie on the candidate to fulfill such eligibility criteria/requirements. At the time of beginning of Classes at the university, documents of all such candidates will be checked and in the event of lapses being found, the university may deny admission to such candidates. In reporting module of the University login, all such candidates will be marked as "ADMITTED" by default by the system. The University will not be able to change their status as Not Admitted: Absent/Not turned up.

↓

If a candidate is "Upgraded" during the second allotment and he/she still has scope of getting a better choice, then he/she can again request for "Upgradation". Since the candidate is exempted from reporting at the "Upgraded" University so he/she will again be permitted to do so with his/her own login as per his/her convenience at home. However, if the "Upgraded" candidate wishes to report at the "Upgraded" University, then he/she can do so.

↓

Since there will be only three rounds of counseling, request for "Upgradation" will be permissible only during the first and second rounds.

University will report Online about the admission status of each and every individual candidate. NONE of the candidate should remain un-reported. ICAR shall not be responsible for any wrong reporting by the University as this forms the basis of further activities. So the University officials **MUST** doubly verify their reporting as the seats reported vacant will form the seat matrix for subsequent rounds.

↓

Subsequent round of allotments (2nd and 3rd) will be conducted for candidates who did not get any seat in the earlier rounds. However, their choices will remain the same as filled in the beginning.
