About Session

The workshop was addressed by Mr. Prabhat Ranjan sahu and introduced Dr. Smita Mishra Panda. She started with an Introduction to "Gender Sensitivity in the Workplace" and an overview of the issues before moving on to "Building a Gender Sensitive Vocabulary" where one will begin to build a useful and gender-diverse vocabulary. The next two lessons, "Unpacking Sex/Gender Stereotypes" and "LGBT Issues" examine stereotypes and their effect on women, LGBTQ people, and men in the workplace.

Outcomes

The lessons provide a range of possible solutions for mediating differences and implementing gender-neutral language that is respectful of all employees. Then we'll look at "Gender Stereotyping in the Military" in order to examine the gendered arguments surrounding the discussion that led to service women finally being allowed to serve in combat units. The next three lessons will address Communication, Leadership and Teamwork and will show you how to foster gender sensitive communication methods, leadership skills, and teamwork practices.
