Number of Participants:13

Resource Person

Dynamic professional in Project management for the past 3 Years provides a firm opportunity to explore my skills and knowledge. With proper guidance, I shall make all efforts to perform my duties and meet the organizational expectation. A competent engineer with solid presentation, excellent communication, organization and coordination skills. Able to ensure timely, safe, and cost-effective design and implementation during the life cycle of projects from conception to customer satisfaction.

Strong presentation, communication, organisation, and time management skills.

- Able to ensure timely, safe, and cost-effective design and implementation during the life cycle of projects from conception till customer satisfaction.
- Excellent communication skills developed through experience.
- Computer Skills- Proficient in MS office and MS projects,
- Leadership skills developed through work experience in project management in the Marine, Oil & gas industry and managing multinational crew onboard offshore rigs.

About the workshop

Microsoft Project is designed to help users set realistic goals for project teams and customers by creating schedules, distributing resources and managing budgets. The Project Guide helps users create projects, track tasks, and report results.
