4. Alumni talk/Expert talk

**Resolutions:**

Discussion was held for courseware preparation; it must be updated by individual faculty member as soon as possible. Student attendance must be recorded. And maintain Zero debarred students Because, it has found a strong correlation between attendance for school and academic performance and success. Who miss school frequently often fall behind— both academically as well as professionally. Absence from school is often the biggest single cause of poor performance and achievement.

Alumni talk/ Expert talk must be arranged because talk to someone who has experienced studying or researching in the university that you are thinking of attending before you make your study abroad choice. And alumni will be able to tell you the kind of job opportunities available for the graduates of a specific university and specific programs or degrees of that university. And discussion was held to make quality academic and placement target. Also, discussion was held for PhD progression, so the PhD work must discuss and review within some period of time.
