Good morning all,

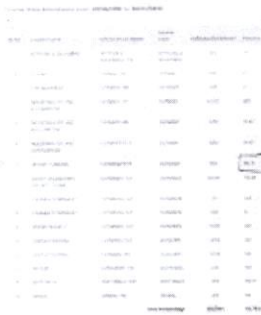

On 26.02.22 our 7 sem revised result was published in which I was marked absent 'S' in design thinking. I asked my subject teacher about the result he said I was not in his list of registered students and told me to ask exam cell.

But I have given the internal and submitted the project on time and my attendance was also recorded.

So, I request you to check my result once and tell me why I have been put absent 'S'.

Please check the attachments.

Dear Sir,

Greetings of the day.

Thank you for your email.

After completion of processing of marks for a subject we need the approval of the vice chancellor for any changes of the marks or new addition of the student marks in the respective subject. So you need to take the approval from the vice chancellor for further processing of the marks regarding the mentioned student.

Thank You.
