HOD & Batch Coordinators meeting (Dt. 29-11-2018)

CUTM, MSSSOA, Paralakhemundi, Odisha

The meeting has been conducted through offline mode for the school of MSSSOA and the minutes are as follows:

1. Academic issues were discussed particularly on mentoring, preparation of learning records and evaluation.
2. ICAR-preparation- field, lab flexes, directional boards, irrigation, soil testing.
3. **The preponderance of mosquitoes during monsoonal period is a quite natural phenomenon. After getting the issues of mosquitoes in hostel, as it's a part of administrative section, the matter was forwarded immediately to director of administration for necessary action. The administration provided mosquito nets in the windows of each room of hostels. It also facilitated mosquito control by fogging techniques in the university campus.**
