Dear Sir/ Madam,

Ms. Pragyan Paramita Puti (Reg No 193001320002) has registered for courses in ERP (screenshot attached). But her name is not appearing on the circulated list of students and courses (excel sheet attached for your reference) . On the other hand, she is allowed to access Impartus, but she has not been allowed to access any course. Kindly check the issue, she is missing classes.
