Dear Ma'am,

As per the discussion we had regarding NABL Accreditation consultancy as per ISO 17025:2017, I am sending you Agreement.

NABL Introduction:

About NABL:

National Accreditation Board for Testing and Calibration Laboratories (NABL) is an autonomous body under the aegis of Department of Science & Technology, Government of India, and is registered under the Societies Act. NABL has been established with the objective to provide Government, Industry Associations and Industry in general with a scheme for third-party assessment of the quality and technical competence of testing and calibration laboratories. Government of India has organized NABL as the sole accreditation body for Testing and Calibration laboratories.

In order to achieve this objective, NABL provides laboratory accreditation services to laboratories that are performing tests / calibrations in accordance with ISO/IEC 17025:2017 and ISO 15189:2012 for medical laboratories. These services are offered in a non-discriminatory manner and are accessible to all testing and calibration laboratories in India and abroad, regardless of their ownership, legal status, size and degree of independence.

Why Laboratory Accreditation:

The concept of Laboratory Accreditation was developed to provide a means for third-party certification of the competence of laboratories to perform specific type(s) of testing and calibration.

Laboratory Accreditation provides formal recognition of competent laboratories, thus providing a ready means for customers to find reliable testing and calibration services in order to meet their demands. Laboratory Accreditation enhances customer confidence in accepting testing / calibration reports issued by accredited laboratories.

The globalization of Indian economy and the liberalization policies initiated by the Government in reducing trade barriers and providing greater thrust to exports makes it imperative for Accredited Laboratories to be at international level of competence.

Benefits of Accreditation:

- ❖ Potential increase in business due to enhanced customer confidence and satisfaction.
- ❖ Savings in terms of time and money due to reduction or elimination of the need for re-testing of products.
- ❖ Better control of laboratory operations and feedback to laboratories as to whether they have sound Quality Assurance System and are technically competent.
- ❖ Increase of confidence in Testing / Calibration data and personnel performing work.

Institute of Applied Quality Management

- ❖ Customers can search and identify the laboratories accredited by NABL for their specific requirements from the Directory of Accredited Laboratories.
- ❖ Users of accredited laboratories will enjoy greater access for their products, in both domestic and international markets, when tested by accredited laboratories.

Scope of Accreditation

NABL Accreditation is currently given in the following fields:

INDUSTRIAL LABORATORIES (ISO 17025:2017)
Biology, Chemical

Approval Letter

File Number: CRG/2021/005100

Dated: 28-Jan-2022

Subject: Project titled "Study of Complete and Incomplete fusion reaction using loosely bound projectiles with medium mass Nuclei".

Dear Dr. PRASANTA KUMAR RATH,

The project cited above has been recommended by the related **Core Research Grant** to the Science and Engineering Research Board (SERB) for funding. The following are the items recommended for a period of 3 years. The final budget to be sanctioned would be based on quotations received, existing norms, funds availability etc.

Manpower :

-> **Junior Research Fellow - 1**

Equipment: Nil

Consumables : Rs. 1,50,000/- + (Target material: 2,00,000/-)

Travel Cost : As per norms

Contingencies : As per norms

Other cost: Nil

Overhead : As per norms

You need to accept the above budgetary allocation before proceeding further. To accept the budgetary recommendations , you may follow the following steps :

1. Go to www.serbonline.in through your credentials
2. Go to Menu --> Proposal submission --> View submitted proposals
3. Click on the link under Status column "Proposal Approved, Acknowledgment pending from PI"

You are requested to upload the following documents of the approved budget strictly within ten days from the date of this letter.

Upload the lowest quotation for equipment/s (including freight, insurance, customs charges etc., if any).

Salary structure for the project staff (including HRA, Medical Benefits, if applicable etc.).

A certificate stating that any visit abroad for a period more than eight weeks would be undertaken after due permission from SERB, may also be submitted.

RTGS details of the implementing institute to facilitate transfer of the fund as per the template. The RTGS details should be mapped with the PFMS and the Account Type should be Saving.

Any other documents (as detailed bellow specific the programme concerned).

SERB has adopted the Scientific Social Responsibility (SSR) Policy which mandates SERB Grantees to undertake some SSR activities during their project period. You are requested to read the SSR guidelines available under SSR menu and choose the activities according to your preference. Depending on the activity chosen, additional budget would be provided under separate head to carry out the chosen activities. Please note that choosing the SSR activities is mandatory for issue of financial sanction subject to submission and acceptance of other necessary documents

Kindly upload the documents related viz., animal ethical clearance certificate, institutional bio safety clearance certificate, etc., matching with exact approved title of project submitted to SERB.

If the project does not require (viz., animal ethical clearance certificate, institutional bio safety clearance certificate, etc.) please confirm with a self-certification saying that it does not involve any animal/human studies or genetic modification in any organisms or bio safety issues.

(Kindly note that during the issue of sanction order or during the implementation of this project, if SERB come across/found that the project work involves/requires animal/human studies or genetic modification in any organisms or bio safety issues, RCGM approval/ approval from Biodiversity Management Committee Environmental clearance, the project may be terminated without any notice.)

Please note that release of grant is subject to availability of funds under the scheme. Kindly quote the reference number in all future correspondence. The project's reference no. **CRG/2021/005100** may also be mentioned in all research communications arising from the above project.

Yours sincerely,
(Dr. Nilotpal Ghosh)

Sir,

Sub: Research Proposal entitled “Affordable and efficacious skincare products based on natural extracts obtained from super critical CO2 extraction process” - in principle approval and draft MoU-reg.

With reference to the project proposal and as per the meeting held at Spices Board for evaluating the project submitted by you, I am pleased to convey the “In-Principle” approval for the project captioned “Affordable and efficacious skincare products based on natural extracts obtained from super critical CO2 extraction process” at an estimated total approved cost of Rs.33.49 lakhs (as provided in Annexure I) subject to the following conditions,

- As per the guidelines, the total amount of assistance under the Board's scheme is 50% of the cost of the project subject to a maximum of Rs.25.00 lakh per beneficiary. Hence, the assistance for the project with an estimated total cost of Rs.33.49 lakhs will be limited to Rs. 16.745 lakhs , which will be released in installments as per the conditions in the MoU to be executed between the Board and exporter.
- The study shall be completed within one year from the date of execution of the MoU.
- All payments should be made through bank transfer/ cheque/DD only against stamped receipts. No other mode of payment shall be permitted.
- The statement of expenditure on the project should be submitted to the Board duly certified by a Chartered Accountant in Practice with copies of all bills/vouchers etc.
- The progress of the study may be reported to the Board on a quarterly basis. Further, the Principal Investigator (PI) is encouraged to share articles (based on the study/general articles on health benefits/applications of turmeric/other

spices) in English on a quarterly basis to the Board, for dissemination to the public through Spices Board's monthly magazine- SPICE INDIA.

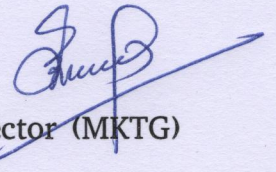

- The PI shall make a presentation before the Board and submit the final report, soon after the completion of the study.
- The product sample, its quality attributes and copies of documents to establish the claimed properties of the products (as applicable) may be submitted to the Board after the study.

Further, please find attached a draft MoU to be executed between the Spices Board and M/s.Gram Tarang Foods Private Limited. It is requested to go through the MoU and execute the same in a stamp paper worth Rs.200/-. Release of the first installment will be considered only after execution of the MoU, receipt of Bank Guarantee (BG) equivalent to 110% of the assistance to be released by the Board as first installment and based on the availability of funds.

Hence, you are requested to send the signed MoU along with the BG in favor of Spices Board for a sum of Rs.1565000.00/- (Rupees Fifteen lakh sixty five thousand only).

The Bank Guarantee shall be valid initially till 30th April, 2022 and shall be renewed/enhanced before release of the final installment. You may ensure that the BG remains valid till completion of the study. It may be noted that the Board will release the BG only after completion of study and submission of final report in compliance with the scheme guidelines, Terms and conditions of the MoU and other directions from the Board.

Yours faithfully,

The approval is as per the provisions of scheme guidelines of FTL dated 08.06.2022 and its amendments issued by ministry from time to time (hereinafter referred to as 'the **Scheme Guidelines**'). The detailed grants-in-aid calculation sheet and approved means of finance are attached at Annexure I.

2. This approval is subject to the following:

- (a) Verification of detailed appraisal note from the bank.
- (b) Verification of in-principle/ Final Term Loan Sanction from the bank.
- (c) Furnishing of Acceptance Letter as per prescribed format within 60 days of receipt of this Approval letter (**refer Annexure-VI of the scheme guidelines**).
- (d) submission of a refundable bank guarantee (initially valid till 60 days beyond scheduled completion of the project which would be required to be extended till 60 days beyond revised completion of the project in case the project is delayed) for 5% of eligible grants-in-aid within 30 days of issue of this approval letter. (**Refer clause 8 of guidelines**).

Gram Tarang Foods Testing Laboratories Private Limited

Note: If during verification process, it is found that any of the submitted documents are not proper and legal; then the approval conveyed vide this approval letter will automatically stand cancelled and necessary actions as per Scheme Guidelines would be taken.

3. The implementation of the project shall be as per the provisions of guidelines of Scheme for Setting-up/Up-gradation of Food Testing Laboratories dated 08.06.2022.

4. The Entity shall open three dedicated bank accounts (For Private Entity) with respect to (i) contribution by Entity (ii) term loan from bank and (iii) grants-in-aid and two dedicated bank accounts (For Govt. Entity) with respect to (i) contribution by Entity (ii) grants-in-aid from Ministry for implementation of the project. **(Refer clause 15(f) of guidelines)**. No cash transaction(s) are allowed for the utilization of the grants-in-aid, term loan and equity and shall be only routed through respective bank account.

5. The Entity shall also submit the land documents (registered sale deed / lease deed) from the Competent Authority along with documents for release of 1st installment of grants-in-aid (GIA). **(Refer clause 16(A), (xiii) of the scheme guidelines)**.

6. In case, in-principle term loan sanction letter has been submitted at the time of application, Entity shall submit final term loan sanction letter in line with Bank appraisal note and appraised DPR along with documents for release of 1st installment of GIA. **(Refer clause 16(A), (vi) of the scheme guidelines)**.

7. In case of escalation of the total project cost for any reason whatsoever, Entity shall meet escalated cost of the project from its own resources. **(Refer Enclosure-I of Annexure VI of the scheme guidelines)**.

8. The Entity shall ensure completion of the project within the timelines prescribed in the Scheme Guidelines.

9. In the event of the Entity defaulting on submitting claims for release of any of the grant instalments, deduction in grants-in-aid shall be as per the scheme guidelines. **(Refer Clause 18 of the scheme guidelines)**

10. The Ministry may seek any clarification and/ or any document/ information at any stage of the project. If at any point of time, it comes to the notice of the Ministry that the grant has been availed by manipulating / concealment of information/ facts the grant shall be recalled along with interest as per the provisions of GFR and further action as required would also be taken. **(Refer Clause 18 and Enclosure-I of Annexure VI at Point 8 and 13 of the scheme guidelines)**

11. For any modifications in the approved project including change in location, name, shareholding of Entity, approved means of finance, project cost and components of the project, prior approval of the Ministry must be obtained by the Entity. **(Refer Enclosure-I of Annexure VI at Point 12 of the scheme guidelines)**

12. **All payments of instalment of grant in aid shall be made only on re-imbusement basis i.e. first instalment shall be payable on expenditure of 50% of the eligible project cost on eligible components of the project and second instalment shall be payable on completion of the project and incurring expenditure of total project cost including eligible project cost, Term Loan and grant-in-aid from MoFPI, as applicable. All these claimed expenditures would be verified from invoices, bills, bank statements etc to confirm the veracity of claims before release of any of the above referred instalment of grants-in-aid.**

13. The Entity shall submit ECS mandate form **(Enclosure-III of Annexure-VI of the scheme guidelines)** at the time of submission of documents for release of grants-in-aid for its registration on Public Financial Management System (PFMS). Entity shall mandatorily use Expenditure Advance & Transfer (EAT) module of PFMS for making payments / advances & transfers

transactions out of grants-in-aid received from the Ministry of Food Processing Industries (MoFPI) for implementation of the project. **(Refer Clause 15 (e) of the scheme guidelines).**

14. Pre and post inspection would also be undertaken by the Ministry as required (PMA may also be assigned inspection & monitoring work) to find out physical, financial and operational progress. It will be binding on the Entity to allow inspection/ physical verification of the project at any time by the representatives of Ministry or an authorized representative of the Ministry.

15. Grants-in-aid is for setting up/Upgradation of food testing laboratories for commercial purposes only. **(Refer Note under Clause 5 of the scheme guidelines).**

16. This is merely a letter of intent and is not exhaustive, in no way entitles the Entity for GIA without fulfilling criteria/ conditions set by the Ministry under the Scheme Guidelines.

Yours Sincerely,

(Pankaj Kumar)

Director

List of Lab Equipments/Instruments for Practical (Minor and Major)

1. Forensic Chemistry and Toxicology

Minor Instruments		
S.No.	Name (Quantity)	Justification
1.	UV Cabinet (02)	The UV cabinet is used to detect UV active spots for standard and extracted drugs and pesticides when developed on fluorescent TLC Plate.
2.	Oven (01)	Used to heat or dry the samples for toxicological analysis.
3.	Incubator (01)	Used to incubate the biological samples for spiked processing at fixed temperatures.
4.	Vortex Shaker	Practical/ Dissertation Project/ Research
5.	Centrifuge	Practical/ Dissertation Project/ Research
6.	Microscope	Practical/ Dissertation Project/ Research
7.	Water Bath	Practical/ Dissertation Project/ Research
8.	Heating Mantle	Practical/ Dissertation Project/ Research
9.	Viscometer	Practical/ Dissertation Project/ Research
10.	Ph Meter	Practical/ Dissertation Project/ Research
11.	Weighing Balance	Practical/ Dissertation Project/ Research
12.	Ultrasonicator	Used for sonication of drugs in a solution. De-gassing of solvents to be introduced in HPLC System

Major Instruments		
S.No.	Name (Quantity)	Justification
1.	Water Purification System (01)	The equipment can be used to produce, Type-I; Type-II and Type-III water. Freshly prepared water can be used to rinse the glassware (Type-III).
2.	Refrigerated Centrifuge (01)	The equipment is used for sample preparation in DLLME like extractions to ensure that no drug activity is lost due to high temperature.
3.	pH Meter (02)	The assembly contains Conductivity meter, temperature probe and pH meter for generic chemistry experiments of the department. The instrument is also used for sample preparation for HPLC and LC instruments.

4.	Gas Chromatography-Mass Spectrophotometer (01)	The equipment is used to analyse volatile poisons/ explosives extracted from Biological and Non-biological matrices. MS detector ensures that samples with no standard available are also analysed by their structure elucidation.
5.	High Performance Liquid Chromatography	The equipment is used to analyse non-volatile poisons/ explosives extracted from Biological and Non-biological matrices.
6.	High Performance Thin Layer Chromatography	The equipment is used to analyse non-volatile poisons/ explosives extracted from Biological and Non-biological matrices. Analysis can be done on TLC system with automation.
7.	Liquid Chromatography-Mass Spectrophotometry	The equipment is used to analyse non-volatile poisons/ explosives extracted from Biological and Non-biological matrices. MS detector ensures that samples with no standard available are also analysed by their structure elucidation.
8.	Fourier Transform Infra-Red Spectrophotometer	The equipment is used to analyse non-volatile poisons/ explosives extracted from Biological and Non-biological matrices. IR detector ensures that samples with no standard available are also analysed by their structure elucidation.
9.	Atomic Absorption Spectrophotometer	The equipment is used to analyse metallic poisons extracted from Biological and Non-biological matrices.

2. Forensic Physics and Ballistics

Minor Instruments		
S.No.	Name (Quantity)	Justification
1.	Vernier calipers(01)	Measurement of inside and outside diameter of tools/ grooves in bullets etc.
2.	Digital balance (01)	Practical/ Project/ Research
3.	High Velocity Measuring system (01)	Practical/ Project/ Research
4.	GSR Test Kit (01)	GSR examination of nitrates, nitrites, barium, lead, antimony etc.
5.	Digital pH meter Conductivity meter with TDS	pH, conductivity of soil samples, TDS in water samples
6.	Density gradient apparatus	Density of glass, soil evidences
7.	Weighing balance with specific gravity apparatus	For sp.gravity of solids and liquids
8.	Spherometer	Radius of curvature of glass
9.	Refractometer	For Refractive index of glass
10.	Densitometer	For density of solids & liquids
11.	Soil and water analysis Kit	TDS of water
12.	Ammeter	Practical/ Dissertation Project/ Research
13.	Voltmeter	Practical/ Dissertation Project/ Research
14.	Resistance box	Practical/ Dissertation Project/ Research
15.	Rheostat	Practical/ Dissertation Project/ Research
16.	Resistances	Practical/ Dissertation Project/ Research
17.	Connecting wires	Practical/ Dissertation Project/ Research
18.	Capacitors	Practical/ Dissertation Project/ Research

3. Questioned Document and Fingerprints

Minor Instruments		
S.No.	Name (Quantity)	Justification
1.	UV box with long & Short wavelength UV (08)	To observe fluorescence of TLC, paper, security features & ink etc.
2.	Angle Poise Lamp (08)	Used as incident / oblique light source to examine large documents under different lighting conditions at an angle.
3.	Paper Gauge – Dial type (01)	To measure thickness of paper & security documents.
4.	Paper Gauge – Digital (01)	To measure precise thickness of paper & security documents.
5.	Digital Electronic Balance Citizen CX-220 (01)	To measure GSM of paper
6.	Standard Weights (01)	To Calibrate Digital Electronic Balance
7.	Nikon Digital Camera 3500F (03)	To capture various 3D observations during examination of documents & to lift unusual writings from various surfaces. For preparation of demonstrative & juxtapose charts
8.	Tripod stand (01)	To support Nikon Digital Camera for stable Document photography
9.	Hand Magnifiers 100mm/8x (08)	To examine full signatures, handwriting and various intrinsic marks on documents under magnifications
10.	Digital pH meter and Hot plates (02)	To test pH of various chemicals etc.
11.	Physical Developers Regular powders: Grey, black, Silver Black Magnetic powders: Black, Grey Fluorescent powders: Red, Green, Pink	To prepare various chemical samples/reagents for practical purpose.
12.	FP Feather brushes	To prepare samples of erased & secret writings, to strengthen charred documents & its examination, restore faded writings and also to perform various analysis.
13.	FP Magnetic brushes	For fingerprint development
14.	FP Lifter rolls	Lifting Tape is a combination of our fingerprint lifting tape and transparent Rubber/GEL lifter sheets, but on a roll. Lifting Tape is specially made to conform to most surfaces like smooth, textured, painted, rough, round, and many others
15.	Inkless Fingerprint pads	For research/Practical purposes
16.	Magnifying glass with light source	The equipment is used for detection & examine the fingerprint in enlarged view so as to observe different ridge characteristics.
17.	Iodine crystals	Helps in development method of fingerprints
18.	Ninhydrin (in aerosol spray)	Ideal for latent prints and blood contaminated prints on porous surfaces such as cardboard, paper cartons, currency.

(Handwritten signature)

		raw wood, plaster board
19.	UV Light source	allows precise images and preliminary identification of the evidence before other analytical methods,

Major Instruments		
S.No.	Name (Quantity)	Justification
1.	Stereo Zoom Microscope (01)	To examine various problems of Forensic Documents viz. Sequence of strokes, handwriting examination, microprinting etc.
2.	Stereo Zoom Microscope with camera (01)	To examine various problems of Forensic Documents and to record observation in cases viz. Sequence of strokes, handwriting examination, microprinting etc.
3.	Hyper Spectral Comparator – VSC 8000 (01)	This state-of-the-art equipment is used in most of the cases as it has various light sources & combination of filters. It has library of controlled samples of bank notes & passports as ready reference.
4.	Electrostatic Detection Apparatus, ESDA (01)	The equipment is used for detection & decipherment of Indentation marks on documents
5.	UV Visible Spectrophotometer (01)	The equipment is useful in differentiation of ink and for creation of databank of inks and to determine sequence of strokes using destructive method etc. Note: Shifted to chemistry department.
6.	Forensic Raman Spectrophotometer (01)	Useful in various elemental examination of Forensic Exhibits viz. various types of inks, paper fibers and other trace elements using non-destructive technique.
7.	Stereo biological microscope – Olympus LXI 20 (01)	Useful in examination of Paper Fibers and micro printing & printed documents.
8.	Stereo biological measuring microscope with Camera LXI 20 (01)	Useful in examination of Paper Fibers and micro printing & Printed materials. Photographs help to keep records of observations
9.	Portable Document Analyst (01)	Small units with UV, IR, Incident light Source with Digital Zoom upto 30 X. Useful for examination of various documents at Crime Scene for scrutiny of documents.
10.	75inch TV display with stand (01)	Attached with scientific equipments-portable Document Analyst for further magnification and high-resolution demonstration of various minute details of microscopic examination various security features.
11.	Latest Computer, Scanner & printer System (01)	To enhance digital images of various documents useful in study of faded writings of different writing instruments, blurred stamp impressions etc. using non-destructive methods.
12.	Sharp 5520 B/w Photocopier (01)	To prepare various samples for practicals, hands-on-exercise. research, dissertation, case work examination, transparencies etc.
13.	Kyocera Taska Alfa Colour Photocopier 5053 (01)	To prepare various samples for practicals, hands-on-exercise. research, dissertation purpose.

14.	LaserJet Printer 500 (01)	To prepare various samples for practicals, hands-on-exercise. research, dissertation purpose.
15.	Muffle Furnace (01)	For preparation of charred documents
16.	Digital pH meter and Hot plates (02)	To test pH of various chemicals etc.
17.	Digital Camera	Digital camera with macro lens is essential for close range photography of fingerprint capturing details required for everyday use.
18.	Zoom stereo microscope with CCD Camera	Optical technique for visualizing enlarged and 3D view of fingerprint so as to determine different ridge characteristics
19.	Cyanoacrylate Fuming chamber	Developmental technique for fingerprint Used for development of prints at faster rate with better clarity by controlling high temperature and relative humidity conditions
20.	Heat chamber for Development with Ninhydrin, DFO, Iodine fuming	Used for development of prints at faster rate with better clarity by controlling high temperature and relative humidity conditions
21.	Electrostatic dust fingerprint lifter	The kit is used for lifting fingerprints using high electrostatic charge.
22.	Footprint and tyre print casting kit	Lifting different foot impressions and tyre track marks for identification purpose.
23.	Latest Computer, Scanner & printer System	To enhance digital images of various fingerprint impression on various surfaces documents useful in study of faded writings of different writing instruments, blurred stamp impressions etc. using non-destructive methods.
24.	High resolution live finger scan system	To produce best possible finger print patterns for conversion into digital templates electronically and to send to AFIS database directly
25.	High intensity forensic light source kit (polylite)	It is made up of a powerful lamp containing the ultra-violet, visible and infrared components of light. It filters down the light into individual wavelengths that enhance the visualization of evidence including fluorescence, absorption and oblique lighting.
26.	UV Light source	allows precise images and preliminary identification of the evidence before other analytical methods,
27.	Manual fingerprint taking compact cabinet	For creation of fingerprint slips of convicted/ arrested persons using printers' ink, slab roller method conveniently.
28.	Automated Fingerprint Identification System (AFIS)	Storing and matching of the fingerprints in a software based system
29.	Optical fingerprint camera light source (Forenscope)	Digitized portable technique for capturing fingerprint at the crime scene

ABOUT THE UNIVERSITY

Centurion University of Technology & Management (CUTM), a private state University in Odisha, established through an act of State Legislative Assembly. The University is accredited by NAAC “A” grade, and accorded UGC 12 B status. The core objective of CUTM is shaping lives, empowering communities and creating wealth and livelihood opportunities at the bottom of the pyramid. Its offerings include education, training, consulting and action research projects, particularly in Left Wing Extremism (LWE) affected districts of south Odisha and north coastal Andhra Pradesh. It has campuses at Paralakhemundi, Bhubaneswar, Bolangir and Rayagada in Odisha.

The University is organized in the form of Schools: M. S. Swaminathan School of Agriculture; School of Applied Sciences, School of Design; School of Engineering & Technology; School of Humanities and Social Sciences; School of Management; School of Media and Communication; School of Pharmacy and Life Sciences, School of Paramedics and Allied Health Sciences; School of Vocational Education & Training; and the Institute of Knowledge Societies. It has about 10000 students in graduate and postgraduate programs, and 25000 students in vocational programs. Its well-equipped laboratories, workshops, library, sports and health facilities are housed in about 115 acres of land and 1 million sqft of built-up area. It has residential facility for 80% students and 50% faculty and staff.

ABOUT THE PROGRAMME

Universities are facing an environment that is characterised by social and economic sector organisations with low productivity, wiping out of numerous traditional jobs, increasing urbanization, closer linkage with global market, growing environmental degradation and social friction from disparity and unsustainability, and large number of young and unemployed with difficult-to-meet aspirations. Unfortunately, mainstream in higher education institutions have failed in required entrepreneurship and employable skill development in the country.

In today's era, learning has to be interdisciplinary and cross cultural. Learning from listening and seeing has to be by doing and discovery. The learning must be beneficial to the immediate society. Context specific, problem solving and experiential learning require different approach and different skill set from the faculty point of view. Therefore, the question is, how many faculty members have the knowledge and skill to impart such learning and do they have the methodology to teach their students? Towards this end, the capacity building programme on the theme of “**Experts in Team**” has been designed as a participative, interdisciplinary and realistic tool for teaching and learning.

Centurion University of Technology and Management has collaborated with Norwegian University of Science and Technology (NTNU) to have student and faculty exchanges around a newly designed programme of sustainable entrepreneurship, funded by UTFORSK. A host of research will also be conducted around the design and delivery of this programme. A key component which is already

implemented at NTNU is the 'Experts in Team program', to teach interdisciplinary student team by interdisciplinary teachers on a project of socio-economic significance. An attempt is being made to implement the same at CUTM. Keeping this in view, the School of Management, Centurion University of Technology and Management is planning to organise a twelve days Capacity Building Programme (CBP) on the theme, "Experts in Team"

SPECIFIC OBJECTIVES OF THE PROGRAMME

The broad aim of this programme is to give an exposure to young faculty in all disciplines to the latest pedagogical tool such as *Experts in Team* to enhance their general methodological and delivery skills.

KEY HIGHLIGHTS OF THE PROGRAMME

The Capacity Building program strives to highlight some emerging methodological issues. The key learning areas are:

- Interdisciplinary cooperative skills
- Team building and team work skills
- Relevant and context specific learning
- Experience based learning
- Creativity
- Problem solving
- Stakeholder analysis
- Culture and inter-cultural issues
- Conflict management
- Leadership skills
- Observation
- Empathy
- Analytical skills
- Project development and management skills
- Professional Report Writing etc.

PARTICIPANTS

The number of seats for the Capacity Building Programme (CBP) is restricted to thirty (30) candidates from Social Science disciplines, out of which ten (10) from Bhubaneshwar/Khorda, ten (10) from Odisha, and rest of the ten (10) participants are to be selected from outside the state as per the ICSSR guidelines. Faculty members of Economics/ Commerce/ Management/Psychology/Sociology/Political Science and/or any allied subjects of Social Science are eligible for this programme.

LEARNING OUTCOME OF THE PROGRAMME

After the completion of the capacity building programme the participants are expected to appreciate the utility and power of a learning tool such as experts in team. They would be better equipped to guide their students towards more meaningful learning. The participants should feel more confident and empowered as individuals and course facilitators after undergoing this programme.

ACCOMMODATION & TRAVEL ALLOWANCE

Accommodation will be provided only to outstation participants in University Guest House/Hotels on sharing basis from 1st February, 2019 (evening) to February 14, 2019 (morning). Travel allowance by shortest distance (bus or train fare, sleeper or AC 3-tier only) will be reimbursed to the outstation participants after submitting original tickets.

CERTIFICATE OF PARTICIPATION

The participants will be provided certificates on successful completion of the programme. It is mandatory for all participants to attend all the classes/sessions.

HOW TO APPLY

Interested faculty members can apply to Programme Director along with duly filled up nomination form on or before January 10, 2019. The candidates are required to send the soft copy of the complete Nomination Form cum Certificate of Recommendation duly forwarded by Head of the Department/Principal/Director to cbp@cutm.ac.in. Nomination form can also be downloaded from the university website www.cutm.ac.in. **NO REGISTRATION FEE WILL BE CHARGED FROM THE PARTICIPANTS.**

IMPORTANT DATES Last date of receipt of complete application form: 10/01/2019, Notification of acceptance: 17/01/2019, Confirmation of participation by the applicants: 21/01/2019, Note: All the correspondents/queries should be made through cbp@cutm.ac.in.

Looking forward to your participation

Subject: Award Letter of Project under Special Call on Covid-19

Dear Dr. Smita Mishra Panda,

Please refer to your application against our special call on Covid-19 projects, you could recall that you were shortlisted and made your presentation followed by online discussion with our experts. Now based on opinion of expert committee, you have been finally selected for the award of project with following details:

Title of Project: **Women and Domestic Violence During Times of COVID-19:Insights from Odisha**

Budget Approved: Rs. 280000/-

We would like you to submit all required documents and an undertaking on a non-judicial stamp paper of Rs. 100/- (list of documents enclosed) in 7 days so that sanction order and first instalment i.e. 25% of total budget approved may be released through PFMS which is mandatory for transferring any Government grant.

In case you fulfil all eligibility criteria mentioned in guidelines, you may commence your Research Study immediately. Meanwhile, after verification of your documents, a formal sanction order will be issued and grant will be transferred as per grant-in-aid bill to your affiliating institute.

It is reiterated that all Payments and Transfers are to be made through EAT module therefore the affiliating institutions are required to register themselves under ICSSR Scheme (0877) through PFMS. In case, affiliating institution is already registered, there is no need to register again and for any query related to PFMS issue, you/your affiliating institute may contact our finance division official, Mr. Subhash Chand, Tel:011-26742830; [Email:icssrfin.nd@gmail.com](mailto:icssrfin.nd@gmail.com).

2. Operating Model

Particular	Details (key highlights only)
Structure (e.g.: Hub/Spoke, franchisee etc)	<p>The business model of the company include training of Community Resource Persons as Master Trainers who in turn will further train the farmers for making them practise sustainable agriculture.</p> <p>The applicant has proposed to target South Odisha and North Coastal Andhra Pradesh. The plan will be scaled up to 12 districts (9 in South Odisha and 3 in AP) from the initial 2 districts in the first year. The satellite centres will be setup in collaboration with our institutional partners</p> <p>The business model of society includes following stages of innovation for encouraging sustainable agriculture amongst farmers:</p> <ul style="list-style-type: none"> • Training and certification of CRP's • Training of farmers • Creation and development of supply chain and input and output services • Local production and consumption of organic nutrients and bio-pesticides • Development of market linked value added agriculture products. <p>The applicant has proposed to form and organize clusters in order to increase the bargaining power of farmers through long term contracts with suppliers and buyers. The society has also proposed to have a centralized lab facility for testing and continuous product and process development.</p>
Sourcing of trainees	<ul style="list-style-type: none"> • The society has provided that the trainees will be sourced from NGOs working in the area, partner organisations (BREDS and Harsha Trust), CSR initiatives of the companies working in the area, and Government sponsored development programs such Integrated Tribal development Program (ITDA), Odisha Tribal Empowerment and Livelihood Program (OTELP), National Rural Livelihood Mission (NRLM), Watershed Programs, etc.
Infrastructure	<ul style="list-style-type: none"> • The applicant has provided that the training will be imparted both at Head Office and Regional Centres. Training infrastructure will include agricultural implements, small scale bio-fertiliser and bio-pesticide production demonstration facilities, and portable equipment for GIS mapping etc. These facilities will be used for training of farmers at Regional Centres.
Type of training Delivery (e.g.: ILT, web based, VSAT etc)	<ul style="list-style-type: none"> • Training of CRPs (selected from progressive farmers). The content development for training the CRP's will be undertaken by CUTM's school of agriculture and school of management. There will be combination of class room learning and experiential learning in the farm field. The CRPs will be trained at the HO in the University • Training of Farmers - Training by CRPs about right package of practices. Field training would be conducted by CRPs for the farmers
Trainers	<ul style="list-style-type: none"> • As per the applicant, the company has proposed to hire trainers who are expert in their fields and have experience and intent to render remote training. For the trainers of CRP, the faculty members of the School of Agriculture Sciences, School of Management of the University, School of Engineering and Technology, School of Vocational Studies, School of Basic Sciences and School Social Sciences; experts from partner institutions (Gram Tarang, BREDS, Harsha Trust and Sri Sai Agri-bio labs) will be involved. Each of the trainers will be domain experts with long years of field level experience, besides mastery over theory and their education

Particular	Details (key highlights only)
	qualifications, often, will be Master or PhD.
Content Development, updation and accreditation	<ul style="list-style-type: none"> The Content Development has been undertaken by CUTM's School of Agriculture and School of Management. This initial content will undergo further improvements and additions to reflect newer technologies, applications, products, etc. Appropriate faculty members from the various resources of the University will be used. Additionally, resource persons from the partner organisations will be part of the Content Development process.
Assessment & Certification	<ul style="list-style-type: none"> The Certification of CRPs and Farmers will follow the standard University protocol, including National Skill Qualification Framework (NSQF).
Placements	<ul style="list-style-type: none"> The trainees will be self-employed. Farmers can enhance their income through contract farming. CRPs can earn adequate revenue as a share from the CRP-induced savings of farmers. It will be from the input (purchase of bio-fertiliser, bio-pesticide, seed, irrigation, etc.) and output (sale of farm produce) services of farmers.
Competition	<ul style="list-style-type: none"> The applicant has provided that, bio-pesticides and bio-fertilizers have a short shelf-life, hence local manufacturers will have an edge over far away competitors and the proposal will not face any extreme competition in the market

Sir,

Sub: Research Proposal entitled “Affordable and efficacious skincare products based on natural extracts obtained from super critical CO2 extraction process” - in principle approval and draft MoU-reg.

With reference to the project proposal and as per the meeting held at Spices Board for evaluating the project submitted by you, I am pleased to convey the “In-Principle” approval for the project captioned “Affordable and efficacious skincare products based on natural extracts obtained from super critical CO2 extraction process” at an estimated total approved cost of Rs.33.49 lakhs (as provided in Annexure I) subject to the following conditions,

- As per the guidelines, the total amount of assistance under the Board's scheme is 50% of the cost of the project subject to a maximum of Rs.25.00 lakh per beneficiary. Hence, the assistance for the project with an estimated total cost of Rs.33.49 lakhs will be limited to Rs. 16.745 lakhs , which will be released in installments as per the conditions in the MoU to be executed between the Board and exporter.
- The study shall be completed within one year from the date of execution of the MoU.
- All payments should be made through bank transfer/ cheque/DD only against stamped receipts. No other mode of payment shall be permitted.
- The statement of expenditure on the project should be submitted to the Board duly certified by a Chartered Accountant in Practice with copies of all bills/vouchers etc.
- The progress of the study may be reported to the Board on a quarterly basis. Further, the Principal Investigator (PI) is encouraged to share articles (based on the study/general articles on health benefits/applications of turmeric/other

spices) in English on a quarterly basis to the Board, for dissemination to the public through Spices Board's monthly magazine- SPICE INDIA.

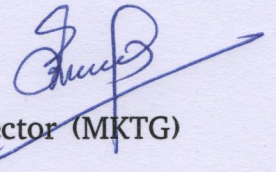

- The PI shall make a presentation before the Board and submit the final report, soon after the completion of the study.
- The product sample, its quality attributes and copies of documents to establish the claimed properties of the products (as applicable) may be submitted to the Board after the study.

Further, please find attached a draft MoU to be executed between the Spices Board and M/s.Gram Tarang Foods Private Limited. It is requested to go through the MoU and execute the same in a stamp paper worth Rs.200/-. Release of the first installment will be considered only after execution of the MoU, receipt of Bank Guarantee (BG) equivalent to 110% of the assistance to be released by the Board as first installment and based on the availability of funds.

Hence, you are requested to send the signed MoU along with the BG in favor of Spices Board for a sum of Rs.1565000.00/- (Rupees Fifteen lakh sixty five thousand only).

The Bank Guarantee shall be valid initially till 30th April, 2022 and shall be renewed/enhanced before release of the final installment. You may ensure that the BG remains valid till completion of the study. It may be noted that the Board will release the BG only after completion of study and submission of final report in compliance with the scheme guidelines, Terms and conditions of the MoU and other directions from the Board.

Yours faithfully,

	qualifications, often, will be Master or PhD.
Content Development, updation and accreditation	<ul style="list-style-type: none"> The Content Development has been undertaken by CUTM's School of Agriculture and School of Management. This initial content will undergo further improvements and additions to reflect newer technologies, applications, products, etc. Appropriate faculty members from the various resources of the University will be used. Additionally, resource persons from the partner organisations will be part of the Content Development process.
Assessment & Certification	<ul style="list-style-type: none"> The Certification of CRPs and Farmers will follow the standard University protocol, including National Skill Qualification Framework (NSQF).
Placements	<ul style="list-style-type: none"> The trainees will be self-employed. Farmers can enhance their income through contract farming. CRPs can earn adequate revenue as a share from the CRP-induced savings of farmers. It will be from the input (purchase of bio-fertiliser, bio-pesticide, seed, irrigation, etc.) and output (sale of farm produce) services of farmers.
Competition	<ul style="list-style-type: none"> The applicant has provided that, bio-pesticides and bio-fertilizers have a short shelf-life, hence local manufacturers will have an edge over far away competitors and the proposal will not face any extreme competition in the market
