DUAL B.TECH IN ENGINEERING

Deeper knowledge, wider opportunities.

Understanding the growing demand and need for specialised education, we are offering a Dual B.Tech in Engineering that allows you to study two subjects at the same time, be it Civil, Mechanical, Computer Science or any other engineering discipline. Centurion University's unique Dual B.Tech course helps you acquire knowledge in two fields, which opens up a lot of opportunities. You could build a career in either field or you could use your interdisciplinary knowledge for a result oriented career path.

To be part of a Dual B.Tech course, **Call us at : 8260077222 (Toll Free)**

The Centurion Advantage: State of the art labs within the campus | Industry partnerships
Choice based credit system | Real-world learning | Exam on demand.
