Usage of Entomopathogenic Viruses for Insect Pests Control

Muhammad Sarwar, Sidra Sarwar, and Roohi Aslam

Viral biopesticides: An ecofriendly nonchemical approach for the management for insect pests in crops

Meenakshi Devi

A modern weapon in organic agriculture - Management of crop diseases through viral Bio-pesticides

Upasana Mohapatra, Siddhartha Das, Sudeepta Pattanayak and L. P. Awasthi

Section 11: Management of the diseases of crops through algal Bio-pesticides

Crop disease control through application of algal Bio-pesticides – Alternate route map in organic farming

Sudeepta Pattanayak, Siddhartha Das and Gayatri Biswal

Section 12: Management of the diseases and pests of crops through protozoan Bio-pesticides

Entomopathogenic protozoa roles in the management of insect pest populations

Muhammad Sarwar

Protozoan Bio-pesticides: A new horizon in organic farming

Pradipta Banerjee, Siddhartha Das, Sudeepta Pattanayak and L.P. Awasthi

Section 13: Management of the diseases of crops through botanical Bio-pesticides

Management of Fungal Diseases of Crops through Plant Based Natural Products and Biopesticides

Deeksha Joshi, Monika Upadhyay and Raghvendra Tiwari

Management of fungal diseases of crop plants through biopesticides

B.Meena

Management of bacterial diseases of crops through plant-based natural biopesticides

Prem Chandra and Enespa

Management of Insect Pests of *Cola nitida* and *C. acumunata* Schott and Endl Nuts (*Balanogastriis kolae* and *Sophrorhinus* spp (Coleoptera: Curculionidae) With Plant Based Natural Products

ASOGWA Evarestus Uche and TheophilusChinyere Nkasiobi Ndubuaku

Natural Plant Products as Potential Synthetic Insecticide Alternatives in Developing Countries of Tropical African Regions
