A Report on The Ekalavya Boot Camp II 16 – 18 December 2019

A boot camp was organized by Centurion University of Technology and Management in collaboration with Ekalavya Institute, Pune during 16th – 18th Dec' 2019. which witnessed the participation of 180 students. The very objective of the camp was to instill the ability to address and connect with those being met with for the first time.

The camp was successful in bringing the following changes in the participants:

- The cumulative improvement displayed by learners by the end of Boot Camp # III has **CLEARLY FAR EXCEEDED** the objectives set out at the commencement of this initiative. For those who went through the full 90 hours, the impact has been foundational and transformative.
- A substantial percentage of the learners comprised those who had despite 14 years of structured inputs in English: schooling as also focused activities thereafter, could not converse in English, address others or connect with strangers because of debilitating anxiety. At the end of Boot Camp # III, the same such students have demonstrated their ability to speak with and connect with audiences they had never met with earlier with **ZERO ANXIETY**.
- Applying everything they had learnt, the students themselves, **UN-ASSISTED**, designed and delivered sessions for the very first time, to audiences they'd never met with earlier. Their being delirious with joy thereafter was a result of them being able to do so very successfully

The takeaways of The Ekalavya Boot Camp III:

Engaging with others - without any anxiety or fear:

- 'I never thought I would be able to stand in front of an audience and speak'
- 'I am confident of speaking to an audience, at short notice'
- 'I connect with people more than before...I speak from my heart'. 'Merely

- storytelling by rote is not the same as speaking from the heart'
- 'I observed that my stage fear has gone'

Other very significant areas of improvement (according to students' perspective):

- 'Our capabilities evolved more in Boot Camp # III'
- 'Creative thinking on the spot'. 'I understood when to change plans and the importance of back up plans'
- 'Interaction with new people'
'I realized the importance of practice and teamwork'
