Report on Soft Skills 6th November 2018

Soft skills are those characteristics that help you function as an individual (motivation, self-confidence, and flexibility) as well as within a group (teamwork, negotiation, and respect). To succeed in the workplace, these skills are key! After all, if you can't show up on time, speak up for yourself, or get along with your peers, chances are you're not going to have a very smooth go of it.

It is a widely known fact that soft skills get little respect but will make or break a person's career. To make the students aware of Soft Skills and their Role and Importance in students' life, "a one-day workshop on effective communication skills and personality development" has been organized by the Literacy Club, Centurion University of Technology and Management dealing with Soft Skills on 6th November 2018 in three batches. The sessions were facilitated by Dr. Sushant Kumar Pattnaik, Dean of Student affairs' who was very keen on providing the basic principles of personality development like personality traits, social graces, communication, language, personal habits, interpersonal skills, managing people, leadership, etc. The workshop was extremely participative and helped students tremendously in honing their soft skills. The event witnessed the participation of 189 students who truly appreciated the efforts of the organizer and the resource person for facilitating such a knowledge-enriching event.
