A Group Discussion Competition was organised for the students of School of Management, Centurion University of Technology and Management on 1st April 2022. A total of 50 students participated in the event.

The facilitator Dr. Susanta Kumar Patnaik, Assistant Professor, Department of English divided 50 students into 3 groups and the topic of discussion was “Social Media: Impact on Human Behaviour and Society”. 10 minutes time was given to the students for preparation on the given topic.

At the beginning of the session everybody seemed hesitant in expressing their opinion but soon the discussion picked up the pace and the purpose of the discussion, which was to encourage students to speak up and boost their confidence was fulfilled.

The discussion went on between the groups, The first group selected to highlight the positive impact of social media, second group comprising of students gave their views on the negative impact of social media and the third group was neutral group that apprised about both the benefits and challenges of social media.

Points discussed in the favour of the topic were "it makes people broad minded, helps in expanding knowledge, makes easy to find jobs, promotes digital marketing, access to more information and enhances social connectivity & communication". The views against the motion were "leads to false trap, self-obsession and materialism, means of spreading fake news, promotes gossips, trolling and addiction".

Lastly, the facilitator drew the attention of the students to summarise and conclude the GD highlighting all the important points' discussed by all the groups.
