Every student is creative in their own ways. In order to test students creative skills, a creative writing workshop/event was conducted at Centurion University of technology and Management, Bhuabeneswar Campus on 31st March 2022 between 4 and 5 PM.

Students were asked to develop a story based on a given first sentence. All the fifty students who participated in the event had to use the given first sentence and develop their own stories. Students were able to write 50 different stories.

All the scripts were blind-reviewed and evaluated by two language teachers. The evaluation was based on students' language accuracy, and creative faculty.

Total number of participant in event were 63.

The following page provides a few snapshots of the event.
