Report on Webinar on Launching New Product in 100 days from Concepts to Manufacturing

Session name - Launching new Product in 100 days from Concepts to Manufacturing

Time : Thursday 18th June at 4:00 PM

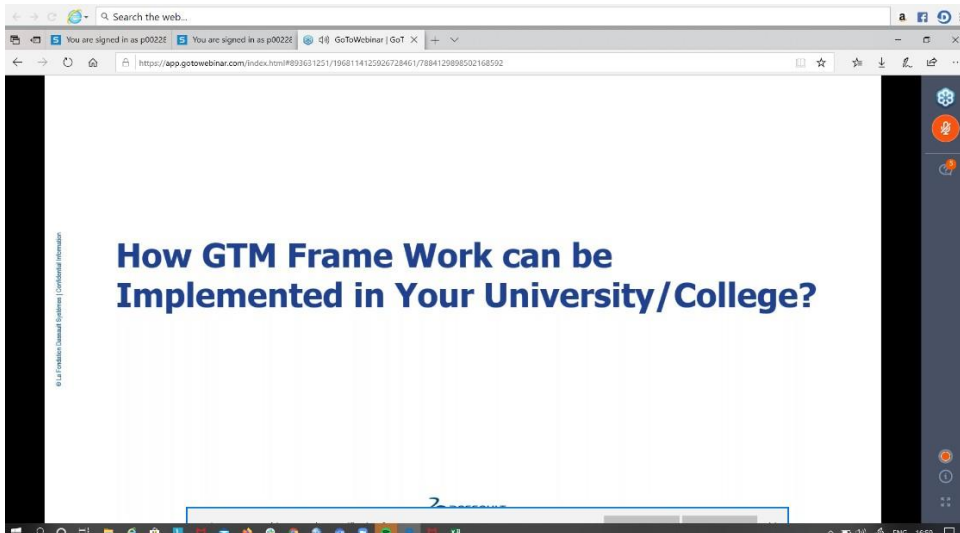

Session By - Prof. D.N. Rao, Vice President and Co-Founder of Centurion University, Odisha

FDP conducted by La Foundation, DSGS as a Webinar session was attended by various Professors & students across the country. The webinars conducted by La Fondation were drawn great response. Each of the sessions were attended by 1400 to 1500+ participants across India.

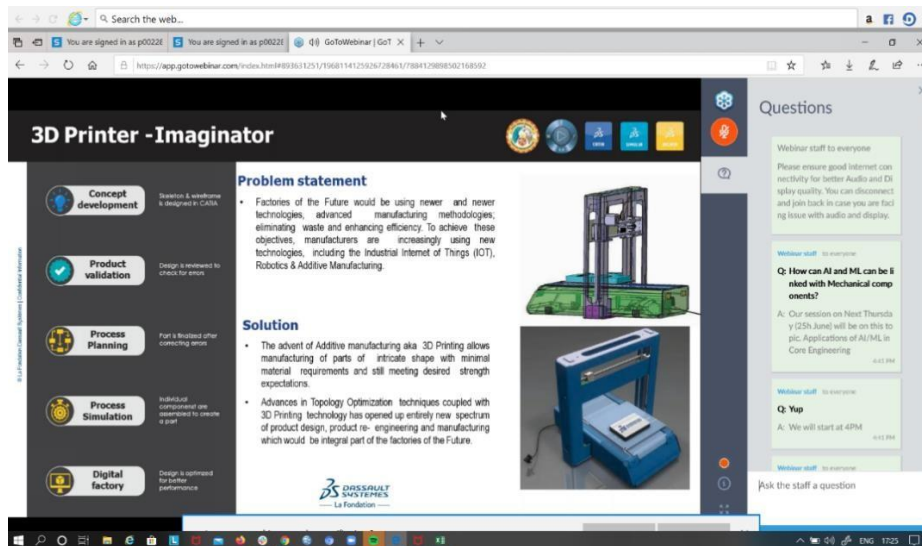

It helped to know how well executed and mentored programs can make wonders.

Students of Centurion University showed the way 'How they were able to Launch New Product(s) in 100 days from Concepts to Manufacturing'. If students can achieve it, then of course Industries can achieve it too!

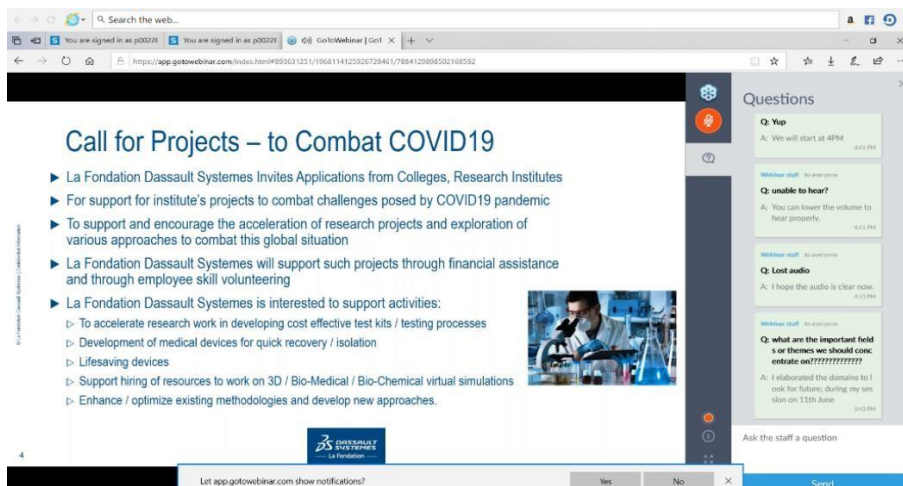

The speaker **Prof D N Rao – Vice President Centurion University**, a well-known education reformer in Indian and Global education platforms, has implemented very innovative programs. In his session, he guided professors on how such programs can be adopted and implemented in your university, college.

Feedback

Brief about the session:

Present and explain the successful model “Go To Market in 100 days” implemented at Centurion University with student teams

Details of interesting projects / Products developed and executed as a part of this program

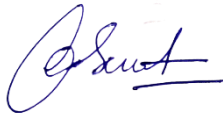

How this model has helped students to acquire necessary skills required to be “Industry Ready”

How this framework can be Adopted and implemented in engineering colleges

Interesting project concepts which colleges can implement for their projects using this framework.
