Dr. Sanjay Rana

- I help GPR professionals (new as well as experienced) get best output from this great tool by empowering them with theoretical as well as practical knowledge of GPR.
- I have imparted training to more than 1400 professionals till date from >15 countries
- I graduated in 1990 as Gold Medalist from University of Roorkee (Now IIT-Roorkee) completing my M. Tech. (Applied Geophysics).
- I am a professional geophysicist with 30 years of experience working in more than 18 countries.
- All proceeds from my training programs go to not-for-profit organization.

Register Now

Based on feedback received from Ground Penetrating Radar (GPR) course participants, multiple suggestions and need of the industry, I am pleased to inform you that the course on Advanced topics of GPR has been launched. The course will start online in LIVE mode in the first half of February.

This course will be in 'hand-holding' mode, including live sessions on data processing

1/30/2021

Centurion University of Technology and Management - Fwd: Last Call...

(2D & 3D), one to one session, and on-demand topics. Bottom line is that after this course, you should learn everything that is there to learn about GPR. We will also add topics based on your suggestions and requirement. Tentative outline of the course is enclosed for your ready reference.

Details of all the courses are as under:

Course-1: Online Basic Course on GPR

Course-2: Online Advanced Course on GPR

Course-3: Online Basic & Advanced Course on GPR

Looking forward to having you with me in this advanced course.

Please connect with me at WhatsApp number +91-9818568825, +91-9873556395 for any further information.

We hope you find this useful.

Best regards

Praggya Sharmaa

Dr. Subrata Sarangi <subrata.sarangi@cutm.ac.in>
To: Supriya Pattanayak <supriya.pattanayak@cutm.ac.in>
Cc: Kamal Barik <kamal.barik@cutm.ac.in>, Prafulla Kumar Panda <prafullapanda@cutm.ac.in>

Madam,

With reference to the forwarded email, Dr.Kamal Barik and I wish to meet you for 10-15 minutes.

This is regarding a Course on Ground Penetrating Radar (GPR). We, from the Centre for Space and Earth Sciences (CSES) feel that Dr. Kamal Barik should register for the Advanced Online Course on GPR. Dr. Barik has already completed a GPR survey project around the Lingaraj Temple. We feel that this training will help us learn how to carry out GPR data processing of more advanced and larger projects.

Before this course(during 15-17 Jan) there was a 3-day short course by the same instructor (Dr. Sanjay Rana). Dr. Prafulla K Panda (PKD campus) and I have done that course by self-financing it.

In this context, Dr. Barik and I wish to meet you. Could you please give us a short appointment today? Tomorrow is the last date for registration of this course.

With regards

S Sarangi
