School of Fisheries, Centurion University of Management and Technology, Gajapati, organized a one-day webinar on “*Aspiring Youth for Agri & Aquapreneurship*” on 10.01.2023.

Indian policies related to youth entrepreneurship have evolved rapidly over the past decade. It is a recognition that the youth force, particularly in agriculture and allied sectors, is key to the effective inclusiveness and engagement of youth and women in improving the livelihood and long-term transformation of the Agri- and allied sectors. Further, given the recent policy reforms and the associated challenges, studying opportunities for youth in the agriculture and fisheries sector becomes paramount to guiding the policy and program implementation process from the youth entrepreneurial perspective.

The main objective of this webinar was to orient the students, research scholars, academicians, and scientists towards the possibilities of Agri & Aquapreneurship in the 21st Century.
