

NAME OF THE CLUB: Skyward Aeromodelling Club

LOGO OF THE CLUB :

ABOUT THE CLUB:

This club was established in 2021 during our first event of glider flying and since then it has performed a number of activities and competitions both inside and outside the university. Our club has members from across different years, with the senior students of 4th and 3rd year helping their junior peers from 2nd and 1st year from different branches of engineering, mostly those specializing in aerospace.

OBJECTIVE OF THE CLUB:

The primary objectives of the club includes hosting various competitions and flying events like glider flying, remote control (RC) flying, water rocketing and much more. We also encourage our students to go out to various other institutes and different competitions at state and national levels. We also encourage our students to make different engineering models and demonstrate them in EXPOs like the most recent one in our college.

ACTIVITIES OF THE CLUB:

The club has performed quite a few good events since its inception in the year 2021 with its pioneer glider flying event in the annual event of our college in GAJAJYOTI. We had organized an even bigger event in the upcoming year GAJAJYOTI with RC plane flying with numerous participants participating from different backgrounds with teams comprising from the juniors in 1st year to the veterans of 3rd year.

ACTIVITIES OF THE CLUB:

Upcoming events of water rocketing and RC flying are to be planned in the month of September 2023. Also many engineering models are being created for the upcoming expo of GAJAJYOTI in 2023

TIMING OF THE CLUB: Post college hours (5.30 – 7.30 p.m)

FACULTY IN CHARGE AND COORDINATORS:

Dr. Biranchi Prasad Mishra (biranchiprasad.mishra@cutm.ac.in, 9040079074)

STUDENT COORDINATORS

Soham Samanta (4th year, B. Tech Aerospace, 200301230001@cutm.ac.in, 7439448001)

Shashank Mishra (4th year, B. Tech Aerospace, 200301230009@cutm.ac.in, 9140177834)

Satya Narayan Maharana (3rd year, B. Tech Aerospace, 210301231011@cutm.ac.in, 7606054988)
