

Name- Ipsita Priyadarsini Samal

Regd no. – 220506232003

Short Biography- I am currently employed as a full-time Ph.D. scholar under the supervision of Dr. Gyanranjan Mahalik, Associate Professor in the Department of Botany at Centurion University of Technology and Management. As my Ph.D. research, I'm developing allelopathy techniques for long-term weed management. Two of my accomplishments are SARM's Young Investigator Award from the International Conference Agrivision-2023 and Jawaharlal Nehru University, New Delhi's Best Poster Presenter Award from the International Conference (IC-ESTCP-2024). My areas of interest in research are taxonomy, tissue culture methods, and allelopathic research. Aside from doing research, I enjoy painting and writing poetry and stories.

Supervisor name- Dr. Gyanranjan Mahalik

Contact- ipsitasamal1997@gmail.com

Publication- Study of medicinal and allelopathic effect of different weeds of Odisha, India Ipsita Priyadarsini Samal¹, Sameer Jena¹, Srinivas Acharya², Ram Babu³ & Gyanranjan Mahalik^{1*}
