

Adopted villages

The University strives toward development and wellness of local communities. It has adopted 5 villages in Gajapati District of Odisha which are Engersingh, Badigam, Barlanda, Jhampiguda and Routpur. It conducts participatory development programmes in these villages and also aims to promote a good and healthy life style among the people. During the cyclone Titli it aided the restoration of water and sanitation facility and reconstruction of ravaged infrastructure. The University with members of the community campaigned in the target villages on achieving sustainable development goals such as good health and wellbeing, sanitation, orientation to hand washing and related practices, and, setting up of dustbin/compost pits.
